Help us PLANT A MILLION TREES

We have made a multi-year commitment to plant a million trees to help combat climate change.

From November 2023, every single Winterbottom's Schoolwear blazer we invoice will add a tree to our forest, helping towards our goal of planting a million trees.

We have chosen to work with Ecologi – a social enterprise who have, so far, worked to fund over 65 million trees. We are delighted to be one of the SMEs working with them and we are inviting you to "Help us plant a million trees."

Ecologi have tree planting partners, including Eden Reforestation Projects, to ensure that the process is responsible, ethical and transparent.

To find out more, please see the next page and look out for these logos in the blazer section.

The QR code will give information about the sustainability features of our blazers, and other products, and show the progress of our forest – where "Every blazer plants a tree".

Visit our website to download a PDF which you can share with schools, parents, and students to show how every Winterbottom's blazer is sourced ethically, produced sustainably and now helps to combat climate change, one tree at a time.
