

Good Afternoon,

My name is Isac Ramos and I am reaching out in the hopes to be considered for a sponsorship for my 2015 Hyundai Genesis 3.8 Coupe that will be on display at SEMA in M&S Americas booth. I know that I am an invaluable asset that will help maximize your marketing outreach to future potential customers.

I was recently featured on PASMAG Live for my SEMA Build to where they are interested to have updates for a feature for when the car is completed. I am also lined up for Tunerfyed Magazine as well as Swindlr Magazine and a few others. The car has already been requested for the 4th of July Freedom Over Texas Celebration and Veterans Day Parade this year. Also, the car will be traveling to different cities and states, competing in various shows and will be on display at charity events/fundraisers. To give you an example, the car was a Special Feature Vehicle at the Houston Auto Show at the beginning of this year. It is always getting requests to be a special appearance at multiple functions and events nationwide and is constantly getting media attention (ie: newspapers, magazines and social media features).

I am of the belief that with your product, not only will it bring my car to the next level, but it will show the world that your products is what is needed to be the best. I have attached my 18 page Sponsorship Proposal showing all of the shows, dates and awards received as well as media features, etc.

As of right now, I am currently sponsored by these companies:

- 1) M&S America (having the 1st and ONLY Full Hyper G Type A Complete Body Kit & R4TEN Wicker Bill in the United States)
- 2) Image Grafix (Custom Tribute Wrap)
- 3) Intimidation Lighting (Custom Headlights & Tail Lights)
- 4) Ultimate Innovations (Custom Truck Design & Audio)
- 5) 2 Quick Automotive (Performance Shop)
- 6) CQuence Brakes (Custom Rotors)
- 7) Zakustech Inc (Custom Louvers)
- 8) Manicci Luxury Floor Mats (Custom Floor Mats)
- 9) Excel Auto Styling (Custom Tint)
- 10) OMNI12 Lighting (Custom Lighting)
- 11) TireStickers.com. (Custom Permanent Tire Stickers)
- 12) Ultimate OEM
- 13) Airlift Performance (Complete Air Bags and Suspension Kit)

There are a few other companies that I have reached out to that are interested as well.

The car and wheels are currently being rewrapped with a bigger, bolder and more colorful design and the headlights and tail lights are being built as we speak to have crazy "show mode" lighting effects. Ultimate Innovations is building the enclosure for the trunk to house the audio and air suspension as well as the LED Lighting and TV.

In conclusion, I am looking forward to bringing much success and exposure to you and your company. I thank you for your time and consideration.

Respectfully,  
Isac J. Ramos

A large, light gray watermark of the Ferrari logo is centered on the page. It features a crown at the top, the word 'FERRARI' in a stylized serif font in the middle, and a banner at the bottom with the text 'EST 2017'.

### **Objective:**

I am requesting a sponsorship from your company whether it be to showcase a part/parts that you manufacture and would like to have promoted by having it installed in the vehicle or where your company would finance certain upgrades on the vehicle to have your company name and logo displayed being that you would be sponsoring a part of the build. In addition, I am also willing to become an ambassador of your company/organization with the ultimate goal of representing at SEMA. Of course, there would be constant social media exposure via posting online, promoting and tagging. And the constant exposure of the car attending car shows, and car meets almost every weekend and for the simple fact that I daily drive it to maximize that exposure. In addition, the constant requests of the vehicle to be showcased at events and functions hosted by the City of Houston and other various organizations is also a plus. We could speak more in depth on the matter either in person, via phone/text, or email. I truly believe that I am an invaluable asset and that I can definitely expand your marketing outreach while simultaneously supporting my dream of promoting positivity for the Military Veterans and Law Enforcement Officers throughout this country at all shows, which are covered by newspapers, TV stations, YouTube bloggers, etc. This not only expands the reach of your product but also shows that you are a company that supports the foundations of which this country was built on. I thank you for taking the time in reading this proposal and for the opportunity in working with your company.

### **Background Information:**

I am a Combat Veteran and also a medically retired New York City (NYPD) Police Officer with a dream to spread awareness and support for the Military and Law Enforcement of this country through the use of my car. I served during Operation Enduring Freedom, Operation Iraqi Freedom, and Operation New Dawn conducting multiple combat Special Operations missions throughout Iraq, Afghanistan, and many other countries throughout the Middle East. As a NYPD Police Officer I worked throughout the 5 boroughs ensuring the constitutional rights of all citizens while preserving a safe environment that ensured the reduction of fear, the preservation of peace and the enforcement of laws. I was assigned many different assignments and to various units such as the Field Training Officer (F.T.O.), Impact Response Team, Crisis Intervention Officer, Gang Intelligence, Narcotics, etc. In 2016, I was injured in the Line of Duty while affecting an arrest and was unable to continue my service as a Police Officer for the NYPD due to the extent of my injuries. After a couple of years of rehab I am now able to function properly and live an otherwise normal life. I am extremely grateful for the experiences (both good and bad) that I have had with the Military and the NYPD even though it led to my early retirement. I then became a Federal Police Officer working for the Veterans Administration Police Department, but recently stopped due to medical reasons.

I am also the Founder/President of a local Car Club to Houston, TX called Exalted Royalty which competes in most of the shows throughout Houston, TX (Winning almost ALL that we compete in) and also

attends events and fundraisers that benefit local Law Enforcement, Active Military, Veterans, Churches and the Community. I am also a Representative for ReLEntless Defender (a Law Enforcement Apparel Company) which uses parts of the proceeds generated from the sales of shirts to donate to the families of fallen law enforcement officers who were killed in the Line of Duty. In 2018, over \$790,000 was raised and in 2019 almost \$1,000,000 was raised and donated to those families.

I purchased a Hyundai Genesis Coupe in the early part of 2018 to see what I could create in the car scene. The car is being built as a platform that can be utilized to promote products from various companies via all of the shows that I attend and throughout all the media features that the car obtains. In addition, it will hopefully be a showcase vehicle for any company that wants to feature their products at SEMA 2020.

Since the purchase of this vehicle in February of 2018, I have competed in more than 70+ shows such as Autorama, DUB Show, Paul Walker Memorial Car Show, Texas Illest, Autofest, Hot Import Nights, Import Expo and Dreamfest just to name a few, winning all that I enter. I have placed in multiple categories such as Best In Show (Champion), Best Import, Best KDM, Best Hyundai, People's Choice, Best Graphics Wrap, Best Interior and various others. In addition to the multiple shows that I attend and win, I have also been requested to showcase my car as a Featured Vehicle by the Houston Auto Show and by the City of Houston to showcase and display my car at large events, functions and parades this year (2020) drawing in tons of news, social media attention and publicity.

#### **Events Attended, Awards Won and Dates:**

##### **2020**

- Showoff Custom Truck & Car Show – Best In Show Wrap (6/6/20)
- Tomball Cars & Coffee for a Cause [Featured Vehicle] (2/22/20)

### WHEELS OF JUSTICE AND LIBERTY

Joe Solis of Image Grafix in Houston, Texas, designed and installed this wrap for client Isaac Ramos. "Isac came to me last year after I designed and wrapped a car for a veteran who suffers with PTSD," Solis says. "Isac is both a combat veteran and retired NYPD police officer. He wanted a design that would invoke feelings of pride, love of country and also raw emotion of both military and law enforcement experiences. I was honored to be a part of such a great project." The car is a 2015 Hyundai Genesis, and the material used was 3M Mc-120 Metallic film printed on a HP 365 latex printer. Complete exterior wrap, Lexani wheels with the barrel wrapped, complete interior dash panels wrapped, door jambs wrapped as well. Tools used were squeegees by Yellowtools USA, Buffers by both Monkey Strips and Bananas Buffer, Magstraps, Wrap Glove, Blade Cage.

## Car show for charity starts new tradition at Hartz Krispy Chicken

By Betsy Denson  
betsy@theleadernews.com

Naro Mak, the owner of Hartz Krispy Chicken on Potomac Drive, had been talking to some people in the neighborhood about hosting a car show at his restaurant.

He was hesitant at first, because, mostly Myrtleburg does popular Myri Cruise events with classic cars. But once Mak settled on a broader scope of vehicles — and a charitable cause — the event took shape as “Chicken and Cars.”

“Muscle cars, classic cars, modern cars, exotics and Japanese cars were all on display April 25 at Hartz for what Mak plans to make a monthly event benefiting those in need. A portion of the proceeds from last week’s show went to a young boy fighting cancer.”

“For most, some of these cars could only be seen in the movies,” Mak said. “At Chicken and Cars, you can see them up close and talk to their owners and mechanics.”

A total of 40 cars and about 200 people showed up to Naro Mak's Chicken and Cars show on April 25.

received from well-known actors Chris Hemsworth, Stellan L. Jackson and Ryan Reynolds, among others, has been robustness, a rare cancer that affects children, mostly under the age of 5. There are fewer than 1,000 cases diagnosed in the U.S. each year. Diagnosed at Thanksgiving, Collier is undergoing treatment at MD Anderson Children's Cancer

Hospital. Mak used to work with Kalo's mother, Tara Collier, at a local landscaping business and the families have kept in touch. He wanted to do something to help.

Tara Collier said Kalo's family and friends hosted a
