

# Size me up!

## BILLY LOU KIDS SHOES

From  
Babies to  
Teens

How to use this chart:

1. Print page on A4 with no page scaling- do not use the "fit to page" option. Make sure you check this chart next to a ruler so that you know you're measuring correctly.
2. Put this chart on a hard flat surface and place your heel on the blue spot to measure feet. Measure both feet and use the highest measurement to work out size.
3. This is an indication of size - come into Billy Lou to check out our shoes.
