| 32                        | 1             | 19.5            |
| 33                        | 2             | 20.5            |
| 34                        | 3             | 21              |
| 35                        | 4             | 21.5            |

The centimetre length in the above table is based on the footbed of a flat shoe and is given as an approximate guide only.

Melissa does not really stretch – any type of give will be negligible.
