

# HOW TO DETERMINE YOUR RING SIZE

**CONFIRM PRINTED PAPER SIZE**

- Ring measurements are very precise.** Carefully follow these instructions to obtain an accurate measurement.
- Prior to printing**, ensure that Page Scaling is set to "None" on your print dialog box. (To open the print dialog box, press CTRL+P.)
- Measure the bar on the left.** It must be exactly 1 inch or 30 mm long. Alternately, place a 20 cent piece where indicated. The coin should fit completely over the image so that all lines are covered, without the coin hanging over any edges.

## MEASURE CURRENT RING

- Select a ring that properly fits the intended finger.
- Place the ring over the circles below. Match the inside edge of the ring to the circle nearest in size. This measurement refers to the inside *diameter* of the ring.
- If the ring falls between two sizes, order the larger size.
