## Inspired by the Power of Yes

This collection is made up of thousands of **"YES"s...**  
**Yes!** Let's be business partners. **Yes!** We don't know how, but let's figure it out together. **Yes!** I believe in you. **Yes!** I messed up, but let's make this right. **Yes!** I'd love to carry your line.  
**Yes!** Hard work pays off.

We hope this season's collection inspires you to believe in

## The Power of YES

and the beauty that comes from taking a chance, turning mistakes into lessons and starting small, dreaming big.

Let's continue to dream, inspire and cheer each other on.

Raised in Hong Kong, Eunice studied art from a young age mastering various mediums and water painting. After moving to the United States to attend Ohio University, she began focusing on oil painting and quickly found her passion for art becoming an even bigger part of her life. Eunice is most proud of sharing her love for art to this next generation as an art teacher with the goal to open their minds to new concepts while expanding their understanding of traditional mediums.

From her work as an inspirational speaker and podcast host of The Mother's Embrace, Rachel is a storyteller at heart and as a daughter of an art teacher, Rachel learned from an early age the power of art. So while the road may have been at times curvy, uphill, with beautiful pit stops along the way, it makes perfect sense that Rachel is now taking her words and storytelling approach to life and creating art with heart that women can wear, love and be inspired to take that first small step to a life of intention. @rachelcamfield
