weather

Let the fun learning American Sign Language (ASL) begin! You will learn vocabulary in ASL about weather followed with animated interactive activities. Learning will be a breeze with our unique teachings that uses a media rich three-way visual aid presentation involving a photograph along with English words and ASL videos.

American Sign Language for Kids and Adults

American Sign Language for Kids and Adults

ANIMAL FACTS • WEATHER • BLOOPERS • EVERYDAY WORDS

Take a trip to the New York City's Central Park Zoo with Avery, who will narrate on 15 different animal facts in ASL. You will also get to see an amazing rescue which saved a 800-pound sea lion and a daring visit to the penguins in Antarctica!

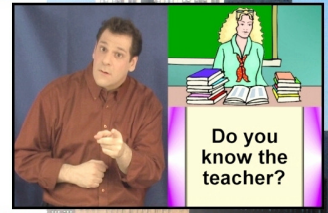

As a bonus feature, you will watch how hundreds of dogs and cats were rescued from Hurricane Katrina and Avery's special visit to the world's largest no-kill animal shelter in New York!

After watching how animals get rescued, do watch Avery and Gilda sing songs using the beautiful language expressing feelings and messages directly from their hearts and souls. Do watch some of the moves that works in vibrant coordination with the language integrated with sounds developed from a music band and a vocalist.

As you learn vital words in ASL, you will learn how to form basic sentences to ensure an exciting hands-on communication and rapport among children, friends, families, interpreters, teachers, students, groups, employees and/or anyone using the language.
