We all love animals and we know you do, too! Take a field trip over to the Long Island's wildlife park with Avery, who will interact with some of over 30 animal friends in ASL. Vocabulary review following the field trip will help every one of you remember without effort. You will also learn vocabulary related to everyday life, idioms along with sentence examples and an ASL sentence structure to help you express sentences in confidence.

Wait, there's more. You will get to watch an ASL Storytelling along with a rare yet daring animal rescue video which involved police and the news media.

This film is open-captioned with audio and voice-over.
