

Once in a while a product comes along & people say **“what a great idea!”**

Younger students or those with presented with a difficulty are now able to fully participate in any collaborative learning with the unique patented design. The 2 whiteboards glide smoothly up and down so are ideal for working with younger audiences or people with disabilities who may be in a wheelchair. Teachers can write the question, hide the answer so more writing using less valuable space.

FEATURES

- Double sided vertical sliding whiteboard
- Two 1200 x 900mm double sided whiteboards so 4 writing surfaces in total
- The whiteboards slide vertically on an internal steel wire system that never 'falls down'
- Safety system prevents any unexpected sliding
- Silent, smooth and tested over 10,000 times
- 2 surfaces are heavy duty porcelain and 2 are commercial magnetic
- Porcelain whiteboard on the front face offers a superb lifetime erasing warranty
- Strong steel stand construction with epoxy coated black finish
- Easy to use - boards glide up and down
- Strong lockable castors
- Precision manufactured for quick and easy self assembly

This board is manufactured using environmentally friendly materials. The backing is manufactured from agricultural 'biomass'. During the process, the natural stems and branches are ground, steamed, then pressed into fibres without any chemical or oil based additives used in the process. Bioboard is 100% biodegradable and this board can be fully recycled.

| Code | Size W x H (mm) |
|---------|-----------------|
