

Quality Commercial Pinnable Corkboard

Cork is a naturally grown and renewable resource. The bark regenerates and the tree continues to thrive and grow reaching at least 150-200 years old! These stylish commercial corkboards feature a aluminium frame and are available in 8 different sizes making them suitable for schools, offices, public buildings or clubs.

The Educate Cork Pinboards feature our unique environmentally friendly BIOBOARD® backing making it strong and fully recyclable.

This board is manufactured using environmentally friendly materials. The backing is manufactured from agricultural 'biomass'. During the process, the natural stems and branches are ground, steamed, then pressed into fibres without any chemical or oil based additives used in the process. Bioboard is 100% biodegradable and this board can be fully recycled.
