

Stylish Double Sided Pinnable Mobile Screen

These stylish pinnable mobile screens are manufactured in Australia and suit tough operating environments such as classrooms, foyers, school halls and offices. Fully mobile on wheels for easy transportation and placement. Useful for displays as well as screen or room divider.

Many fabric screens or mobile notice boards are not pinnable as feature a soft foam core. The Mobile Educate Pinboards feature our unique environmentally friendly BIOBOARD® backing making it strong and fully recyclable.

This board is manufactured using environmentally friendly materials. The backing is manufactured from agricultural 'biomass'. During the process, the natural stems and branches are ground, steamed, then pressed into fibres without any chemical or oil based additives used in the process. Bioboard is 100% biodegradable and this board can be fully recycled.
