About Us

There's something wonderfully nostalgic about popcorn. We have such fond childhood memories of the aroma and taste that will last us a lifetime. At Poppington's Gourmet Popcorn, our passion for this long-beloved snack has driven us to create the best handcrafted gourmet popcorn right here in Greenville, South Carolina and we love making it for all of our customers. Upon our first visit to Greenville from our hometown in Illinois, we were walking downtown and looking for a fun place to grab a snack. Then, the realization "POPPED" into our heads, "There are no popcorn shops here! Let's bring the popcorn nostalgia to Greenville!" Then, the name Poppington's was created, because we knew that we would be POPPING TONS of popcorn!

Upon opening our doors in 2012, we knew Poppington's would become a known Main Street downtown destination with locals and visitors alike. We are proud to be part of Greenville's thriving local business community and the support and growth that we experience every day, both in our shop and on our thriving e-commerce website, is tremendous.

Our Customers constantly inspire us to create exciting new flavor profiles and to offer options to appeal to a wide variety of palettes and restrictive dietary needs such as Gluten-free, Sugar-free, and Vegan selections, plus all of our cheese flavors are Trans-Fat Free. Our store and production spaces are Nut Free and we only use Non-GMO corn. We truly love to read the wonderful online reviews and to see the smiles on the faces that enjoy our delicious handcrafted popcorn, which makes all of us at Poppington's say, "Every Day is a Popcorn Day!" - Bob & Rose Augustyn -
