

Kanguru Defender SSD300™

FIPS 140-2 Certified, Hardware Encrypted USB 3.0 Solid State Drive

The new **Kanguru Defender SSD300** provides organizations with data protection at its best. With FIPS 140-2 Certified, highly-secure 256-AES hardware encryption, high-speed USB 3.0 data transfer rates, on-board anti-virus and optional remote management capabilities, it's simply the best option for securing sensitive data. Locking down data in this secure USB storage device isolates it from viruses, malware, and spyware and other internet dangers. Organizations can be completely confident and in full control of their data at all times.

Additionally, with the optional **remote management** capabilities, administrators can be further in control by remotely managing the Defender SSD300 anywhere in the world, even with other Kanguru Defender® drives. **Kanguru Remote Management Console (KRMC™)** provides simple, intuitive tools for tracking and managing data to ensure compliance with even the toughest security policies and regulations.

The Defender SSD has automatic data encryption built-in, so there's no software to install, and no admin rights needed for use. In the background is a powerful cryptographic engine to ensure your data is secure.

Part Number:
KDH3B-300F-xS

**FIPS 140-2 Certified
Hardware Encryption**

**SuperSpeed
USB3.0**

**The Defender SSD300
Secure Solid State Drive
is TAA Compliant**

Include Remote Management For Complete Administrative Control*

- Manage and Customize All of Your Secure USB Drives From One Convenient Console
- Push-Out Software Updates
- Disable/Delete Lost Or Stolen Drives
- Cloud or Customer-Hosted Options Available
- and much more...

FEATURES/BENEFITS

- FIPS 140-2 Certified, Level 2
- FIPS 197 Certified 256-bit AES (XTS-Mode) Hardware Encrypted
- SuperSpeed USB 3.0 (USB 3.2 Gen 1x1)
- Remote Management Ready**
- Admin Password Support (Optional)
- Onboard Anti-Virus Protection**
- Password Protected Data Partition
- Simple Driverless Setup (Plug & Play)
- No Software Install or Administrator Rights Needed
- Tamper Resistant Design
- Up To 8T High-Capacity Storage Available **NEW**
- High-Strength Aluminum Housing
- Customization Available†

PLATFORM
