

# Kanguru USBtoCloud® Backup

Encrypted Cloud Backup for Defender Hardware Encrypted Drives

Back up your Kanguru Defender® USB drive(s) to a cloud with USBtoCloud®

**KANGURU™**  
Secure. Anytime. Anywhere.

**USBtoCloud®**

The Kanguru Defender drives provide superior data storage with their encrypted at rest functionality. USBtoCloud completes the circle of data protection with the ability to automatically backup your files from your Defender drive to your favorite encrypted cloud storage location!

#### Currently, USBtoCloud supports:

- Amazon S3
- Baidu
- Box
- Dropbox
- Google Drive
- Mega
- NAS (using WebDAV or DAS)
- OneDrive
- OneDrive for Business
- Sharefile by Citrix
- Yandex Disk

#### Drives Currently Supporting USBtoCloud\*:

- Defender Elite30
- Defender Bio-Elite30™

*\* Check back often, as other drives will be supported soon.*

**Note:** To use a cloud backup, you must already have the cloud storage account configured.

USBtoCloud licenses can be purchased on the Kanguru.com website. The license will be automatically assigned to your device upon purchase and providing the serial number of the drive. The software runs on Windows operating systems.
