From ending world hunger and protecting our seas to preventing poverty and fighting climate change, our mission is to build an engaged global community in support of the aims of the UN Global Goals. In the last year we’ve engaged over 1.5 billion people through the campaign but there is still a lot more work to be done. Proceeds from #TOGETHERBAND go towards raising awareness for the Goals and supporting grassroots projects.

#TOGETHERBANDs are made from upcycled plastic collected by hand from beaches in Costa Rica. The clasp is made from recycled illegal firearm metal retrieved from El Salvador and the bands are made by women in Nepal who have been rescued from human trafficking.

Our bands come in every colour of the 17 Global Goals and we ask everyone to choose the Goal that’s closest to their heart.

#TOGETHERBAND is all about spreading to the word. Each band comes in a pack of two - one to wear and one to share.

We are proud to have been supported by a wide range of figures from David Beckham and Dani Alves, to Lewis Hamilton and Jameela Jamil.
#TOGETHERBAND PRODUCTS SUPPORT ALL 17 UN SUSTAINABLE DEVELOPMENT GOALS.

OUR DESIGNS ARE MADE FROM SUSTAINABLE MATERIALS. THEY HELP RAISE FUNDS FOR LIFE CHANGING PROJECTS.
PRODUCTS THAT CARRY A MESSAGE & START CONVERSATIONS

#TOGETHERBAND campaign was established to bring mass public awareness for the UN Sustainable Development Goals, personalising the Goals by asking people to identify the Goals that matter most to them and wear a product that symbolises their support and through its production is having a positive impact on a number the 17 Goals.

Each product carries a wealth of sustainability and impact stories through its creation and enables people to unpack these stories and critical information about the UN Sustainable Development Goals.

The #TOGETHERBAND range enables organisations to connect with customer groups, employees, teams, and broader stakeholders around the broad range of sustainability topics, whether that is launching a key sustainability initiative or hosting a meeting where sustainability & impact is core to its purpose.

#TOGETHERBAND ranges can be gifted in person, distributed direct to recipients addresses, or given virtually in the form of a gift card.
A BESPOKE GIFTING OFFERING THAT FITS YOUR NEEDS & TARGETED SUSTAINABILITY IMPACT

The #TOGETHERBAND team is available to support you with a bespoke gifting service to fit with your product needs and budget.

Our team can advise on product selection to best fit the key messaging you have, your budget, and your particular focus on sustainable impact. They will also unpack the grass roots projects that are supported through your purchase of #TOGETHERBAND products.

Each #TOGETHERBAND product range can be tailored or branded to the group, event, or particular message you wish to send.

Please contact anna@bottletop.org to let us know your needs and enquire about bulk discounts, product customisation and product bundles.
#TOGETHERBANDS
Handcrafted from recycled ocean plastic rope and recycled metal, each coloured band represents a different UN Goal. The bands are sold in a pack of two - so you have one to wear and one to give to a friend.

#TOGETHERBANDS EDITIONS
For Christmas 2020 we have created a special collection to celebrate peace. Our Humanium Metal clasp comes in either gold, rose gold or silver is made from recycled illegal firearms that are ceased in central america. IM the charity behind Humanium metal uses funds raised from the sale of the metal to support and rehabilitate victims of gun violence in Central America.

#TOGETHERMASKs
We have already donated 30K medical grade masks to Médecins sans Frontières and for every new mask sold we will donate one more mask.

#TOGETHERBOTTLE loves Ocean Bottle
This season we have collaborated with Ocean Bottle to create a special edition #TOGETHERBOTTLE made from recycled plastic. In support of Goal 14 every bottle sold funds the collection of 1000 plastic bottles in weight.

#TOGETHERWEAR
Made from 100% recycled materials our new collection of tees, hoodies and sweats also support the SDGs. Pre-order now available mid-November.

The Humanium Metal clasp
There are hundreds of millions of illegal firearms in the world. As a result, someone is shot every minute, making small arms ‘weapons of mass destruction.’ Humanium Metal is an upcycled stainless steel repurposed from deconstructed illegal rears, which are seized by local authorities in Central America. The firearms are melted down and transformed back to a raw stainless steel material by our Swedish Development Partner IM. Your clasp is made from the resulting Humanium Metal moulded into the shape of the signature upcycled ring pulls BOTTLETOP uses in the creation of our products. This gives the steel a new positive life as your #TOGETHERBAND clasp whilst helping to put an end to armed violence and creating new sources of funding for victims and projects aiming to rebuild conflict-torn societies.

The recycled rope
Plastic pollution is reaching a critical point, an estimated 12.7 million tonnes of plastic pollutes our oceans every year. Your #TOGETHERBAND is a part of solving this issue. Every #TOGETHERBAND rope band is made from 100% recycled plastic. Recovered plastic pollution from the coasts of Costa Rica and the US is transformed into yarn by BIONIC®. BIONIC® addresses ocean plastic pollution by orchestrating recycling operations and beach clean ups, and transforming this recovered plastic into fully traceable high-grade textiles and polymers, including the rope for your #TOGETHERBAND. In fact, for every Ocean Plastic #TOGETHERBAND sold, an additional 1KG of plastic is removed from marine and coastal environments.

The people power
From the people of the communities of Costa Rica that collect the coastal and marine plastic debris that is used in our rope bands, to the Nepalese artisans working to assemble the finished bands for packaging in 100% recycled card, we provide support to local communities and economies every step of the way. What’s more, 100% of the profits from your band will be donated to projects that advance the 17 Global Goals.
Our new TOGETHERBAND Editions have been created in time for the Christmas season and celebrate peace. The clasps for these bands are made from Humanium Metal (recycled firearms). By buying this band you will be supporting the rehabilitation of people affected by gun violence in Central America.
