BOTTLETOP – OUR BACKGROUND

EMPOWERING COMMUNITIES THROUGH ARTISANAL EMPLOYMENT. BOTTLETOP is a mission driven company that aims to empower communities and vulnerable groups through the creation of workshops and ateliers that train people to create our designs.

PROTECTING OUR PLANET’S RESOURCES.
Our collections are designed using leading edge sustainable materials. We upcycle, recycle, and re-use materials at every level; from millions of ring pulls in our BOTTLETOP collection to illegal firearms in our jewellery.

ADVOCATING FOR SUSTAINABILITY USING CREATIVITY AND CULTURE. We engage our consumers in the development and sustainability topics that are close to our hearts by using creativity and culture to unpack the stories that sit behind each of our products.
A BETTER WORLD BY 2030

#TOGETHERBAND is a campaign that supports the 17 Sustainable Development Goals, the United Nations’ route map to build a better world by 2030.

EARTH DAY 2019 was our kick-off moment and since then, we have engaged 850 ambassadors, each of whom have worn #TOGETHERBANDs and helped generate a total of 7 billion social impressions for the Goals.

THE BAND is made from recycled ocean plastic waste and comes in each of the colours of the SDGs. We ask everyone to wear their band as a symbol of support for their chosen Goal.
THE #TOGETHERBAND CAMPAIGN

INFORMS
An ongoing multi-platform campaign that expresses the Goals through creativity, culture, social media, journalism and documentary film.

INSPIRES
We work with NGOs and grassroots charities to drive change and build a sustainable future for us all.

EMPOWERS
Both our products and our campaign empower all of us to become active citizens united in our desire to protect the planet.
THE IMPACT OF A #TOGETHERBAND

Our bands drive impact in six powerful ways

- Our rope is made from 100% Parley Ocean Plastic®
- We plant trees every time we sell a #TOGETHERBAND
- We fund a meal for a family in need every time we sell a #TOGETHERBAND
- Our #TOGETHERBANDs are made by female artisans in Nepal and the Brazilian Amazon
- We donate profits from the sale of our #TOGETHERBANDs to beneficiary charities across the SDGs
- The clasps are made from Humanium Metal (recycled decommissioned illegal firearms)
#TOGETHERBAND

TOGETHERBANDS are available in elegant Mini, chunky Classic, macramé Braided and beaded Yawa styles.

They are available in all 17 colours of the SDGs as well as black and natural.

We have 22 clasp colours and finishes, including five different precious metal-plated finishes.

Every #TOGETHERBAND is available in a range of sizes and is fully adjustable to suit everyone.
The Mini Band is available in the 17 colours of the SDGs as well as black.
The clasp is available in 17 SDG coloured painted finishes or anodized gold, rose gold, onyx, rainbow and polished Humanium Metal.

Braided Bands are available in the colours of SDGs 8, 10, 13, 17, and black.
The clasp is available in 17 SDG coloured painted finishes or anodized gold, rose gold, onyx, rainbow and polished Humanium Metal.

The Classic Band is available in the 17 colours of the SDGs as well as black.
The clasp is available in 17 SDG coloured lacquer finishes or anodized gold, rose gold, onyx, rainbow and polished Humanium Metal.

Zero waste bands made from açaí seeds by the Yawanawá Indigenous community in the Amazon Rainforest.
The YAWABAND Classic is available in the colours of SDGs 4, 13, 17, Natural, and black and all are finished with a polished Humanium Metal bead.

Zero waste bands made from açaí seeds by the Yawanawá Indigenous community in the Amazon Rainforest.
The Multi YAWABAND has all the colours of the SDGs and finished with a polished Humanium Metal bead.

#TOGETHERBANDs are a symbol of impact, purpose and values. They are a tool to carry messages and facilitate conversations.
A BESPOKE
#TOGETHERBAND TAILORED TO YOUR BRAND
CUSTOMISED PACKAGING TO UNPACK YOUR MESSAGE OR CALL TO ACTION
Create a bespoke #TOGETHERBAND
Choose your SDG (or SDGs) that match your brand’s purpose. There are 18 rope colours that each represent a different SDG (plus Black).

Pick one of our 17 painted or 5 metallic finishes to make your band bespoke to your brand.

Unpack your story
A full side of our concertina insert gives you plenty of space to tell your story and explain your purpose.

Your logo front and centre
A prominent space for your brand on a belly-band where you could feature your own aesthetic.

A direct link to your Campaign
Use our QR Code Card to point people directly to a URL of your choosing.
17 BANDS FOR 17 GLOBAL GOALS

CHOOSE THE ONES THAT MATTER TO YOU
SHOW YOUR SUPPORT, WEAR YOUR #TOGETHERBAND
TREE-PLANTING

THE #TOGETHER FOREST
In 2021 we planted 36,000 trees. Our target is to plant 2.6 million trees by 2025 and we work with Tree-Nation to select the most sustainable, native trees to plant in Nepal, India and beyond.

THE EDEN PROJECT IN NEPAL
In Nepal we’ve chosen to plant the trees that sequester the most CO2 for the biggest impact. One is the Dalbergia Sissoo, a large deciduous tree that has many medicinal properties and is also valued for its ability to increase soil fertility through nitrogen fixation.

PLANTING FOR TIGERS
In India we’re helping plant 50,000 trees in the Similipal Tiger Reserve. The forest will help improve and maintain the wildlife corridor for endangered animals, especially tigers.
MEALS FOR FAMILIES

#TOGETHERMEALS
For every product we sell we donate four meals. To date we have donated over 100,000 meals to people in need, particularly in Nepal and Brazil, countries that we have strong ties with.

ROKPA IN NEPAL
ROKPA has been helping to alleviate poverty mainly in Nepal and Tibet, for over 40 years. As one of the most challenged regions of the world, Nepal’s poorest were devastated by the pandemic and in critical need of food. Funds raised from our bands means we have been able to provide weekly food packages to the homeless, people on extremely low wages and single mothers.

GERANDO FALCÕES IN BRAZIL
Gerando Falcões started as a network of projects helping to equip vulnerable Brazilians with leadership and business skills. This year #TOGETHERBAND has been working with them to provide meals for families and individuals who need them most.
RECYCLING PLASTIC WASTE

OUR BANDS
The rope for all of our #TOGETHERBAND bracelets is created from 100% recycled Parley Ocean Plastic®

PARLEY FOR THE OCEANS
A non-profit environmental organisation, we work with this incredible group because its primary focus is the protection of the world’s oceans.

HOW IT WORKS
Parley intercepts plastic waste such as bottles, bags and fishing nets from remote islands, shorelines, waters and in coastal communities, which is then recycled into our rope as well as other products such as trainers, bags and sportswear.
EMPOWERING WOMEN

MADE BY WOMEN. We choose to partner with two incredible organisations in Nepal (Maiti and ROKPA) on the production of our #TOGETHERBANDs, reflecting our long-held mission to empower people through sustainable design.

PREVENTING TRAFFICKING. The deep-rooted poverty in Nepal means women and girls are often the victims of human trafficking. As well as collaborating with organisations like ours to provide work, Maiti helps train girls and women on anti-trafficking measures so they can avoid being tricked by strangers who come to their village and attempt to deceive them with false offers of work.

PROVIDING AN ECONOMIC FUTURE. Similarly, ROKPA runs a network of projects to help people who are living in poverty including ‘Women’s Workshops’, that provide long-term employment for women. By supporting #TOGETHERBAND you are also changing the lives of Nepalese women and enabling them to earn a fair wage in decent working conditions.
ABOUT THE YAWANAWÁ

The Yawanawá Indigenous community have lived in the heart of the Amazon rainforest for hundreds of years. For years, they have endured the theft and destruction of their traditional customs and livelihood. Sadly, the threats they face are far from over with forest fires, deforestation, illegal logging and climate change putting their sacred homeland at risk.

SUSTAINABLE EMPLOYMENT
Funds raised from the sales of the Yawanawá collection will go back into the community to provide a long-term economic future for the Yawanawá and support their stewardship of the Amazon.

PROTECTING THE RAINFOREST
The production of the YAWABAND is zero-waste. The community have used the açaí berry seeds handcrafted into beads and woven together to make the bracelets. Açaí berries grow naturally in the rainforest and for hundreds of years the community have harvested this superfruit because of its incredible health benefits.
THANK YOU

Inquiries: togetherband@bottlestop.org
The Impact of a Yawa Band

Our Yawa Bands drive impact in 7 powerful ways:

- Our rope is made from 100% Parley Ocean Plastic®
- Zero waste: made from the seeds of açai berries harvested for juice
- We plant a tree every time we sell a Yawa Band
- The bead is made from Humanium Metal (recycled decommissioned illegal firearms)
- Protects Indigenous peoples and provides sustainable employment for the forest community
- 100% of profits from the sale of our Yawa Bands is reinvested back into the Yawanawá community in Brazil
- We pay for 4 meals for family in need every time we sell a Yawa Band

100% of profits from the sale of our Yawa Bands is reinvested back into the Yawanawá community in Brazil.
OUR COLLECTIVE IMPACT TO DATE

$16.2m media value created for the UN Sustainable Development Goals

Over $1.3m donated to NGOs driving progress in each SDG area in 2020

850 Ambassadors from global icons, to world leading experts, to grassroots activists

A reach of over 7 billion sharing the SDGs message

1 tonne of recycled illegal gun metal from 6,000 weapons confiscated from gangs in El Salvador

33 water and hygiene stations installed within vulnerable communities in Brazil and Mexico

138,000 meals provided for people at risk of starvation

Over 80,000 hours of artisan employment created in Kathmandu, Nepal

Over 35,000 trees planted; making the campaign fully carbon negative

13.4 hectares reforested, capturing approximately 11,000 tonnes of CO2

55,000 medical grade face shields provided for frontline health workers fighting COVID-19

125 tonnes of plastic removed from the ocean, equivalent to the size of two grey whales
**THE BRACELETS**

Elasticated and in three sizes for the perfect fit.

Available in colours supporting the United Nations Sustainable Development Goals
Choose your SDG (or SDGs) that matches your brand’s purpose. Available in 18 rope colours each represents a different SDG.

Create a bespoke #TOGETHERBAND Add your logo to the clasp, choose your rope colour and pick one of our metallic finishes to make your band bespoke to your brand.

Unpack your story A full side of our concertina insert gives you plenty of space to tell your story and explain your purpose.

Your logo front and centre A prominent space for your brand on a belly-band where you could feature your own aesthetic.

THE IMPACT OF A #TOGETHERBAND

Our bands drive impact in six powerful ways:

- Our rope is made from 100% Parley Ocean Plastic®
- We plant trees every time we sell a #TOGETHERBAND
- Our #TOGETHERBANDs are made by women in Nepal who have been rescued from human trafficking or the Yawanawá Indigenous community
- We donate profits from the sale of our #TOGETHERBANDs to 40 beneficiary charities, including Yawanawá community
- The clasps are made from Humanium Metal (recycled decommissioned illegal firearms)
- Each #TOGETHERBAND we sell pays for meals for a family in need
OUR BAND, YOUR MESSAGE

#TOGETHERBANDs come in 100% recycled and recyclable packaging that details the background of the campaign and the UN SDGs.

Each packaging element can carry your brand logo and incorporate the message and call to action you want to share.

We can create completely bespoke designs for your brand and include additional inserts and elements to make it your own.
