PART 4**ECOSOPHY, THE WISDOM OF THE EARTH409**

1.	ECOSOPHY, OR THE COSMOTHEANDRIC HANDLING OF NATURE.....	410
	Our crisis consists in the fact that today's ground-holding cultural positions can neither ground nor hold anything.	411
	Only a transformation can save us.	411
	Such a transformation is the cosmotheandric experience.	412
	Real Nature is no object.	412
	The categories of natural science are all inadequate for dealing with nature.	413
	To be acquainted with Nature means to grow aware of our cosmotheandric belonging together.	413
	The Art (<i>τεχνη, technê</i>) of dealing with Nature is ecosophy.	414
	Nature is our third body.	414
	Though painful at first, "emancipation" from technocracy is the liberating task of our time.	415
