Dear		2023
		_

Love,

We wear our sunscreen every time we go to the beach!

Can you color the SPFs in this beach scene? Can you color the ocean and sky too?

Can you draw yourself playing on the beach?

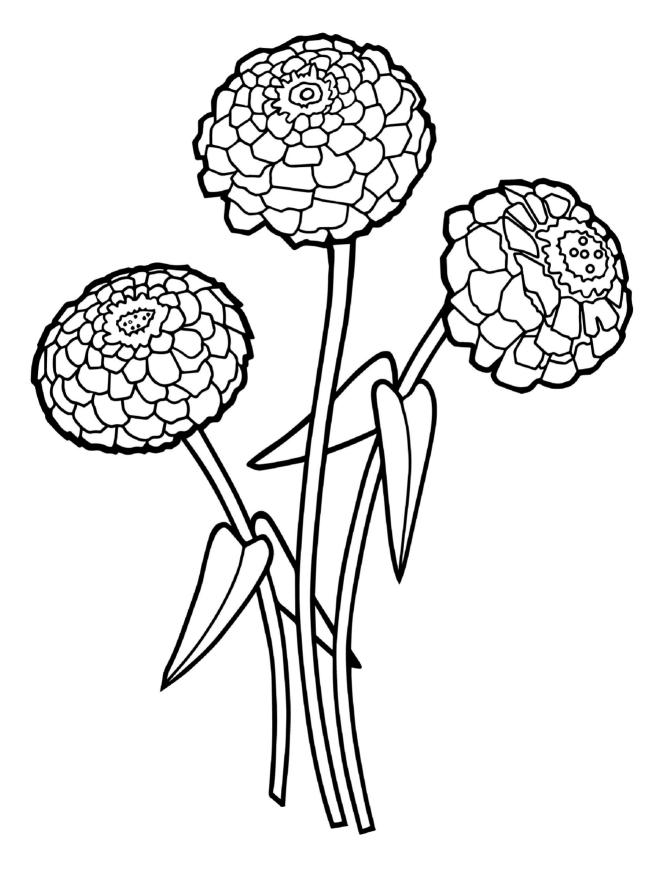

PLANT FACTS

Can you fill in the blanks using the Botanicals from the previous page?

jojoba aloe vera lavender peppermint cocoa pods

COLOR IN THE ZINNIAS

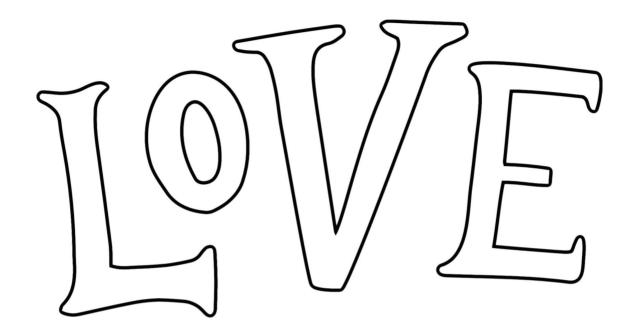

THE PRINCESS & THE FLOWER

Once upon a time there was a princess
called She loved to read and NAME
play She also loved dancing and
playing the One day she went
on a walk in the woods and found a
Tolor flower with petals.
She had never seen it before! She picked the
flower and took it to her house. There she took
and some scented oil and
combined it with the flower petals. Next she
added some Magic Dust from her favorite fairy,
She stirred it up and made a
Soap. It was wonderful! It kept
everyone's clean in the whole palace!
