

Dear Neighbor,

The holy month of Ramadan is celebrated by over 1.2 billion Muslims all over the world. During the month of Ramadan, (the ninth month of the Islamic lunar calendar) which begins May 5, 2019, Muslims abstain from food and drink during the daylight hours.

Through fasting, we learn to appreciate all our blessings as well as feel the hunger and thirst of those less fortunate. Ramadan is an opportunity for family and friends to spend time together and to show kindness to those around them. It is a time of renewal and recommitment to bettering oneself.

Wishing you joy throughout your holidays and Happy Ramadan.

Have a blessed Ramadan
