

Letter of Gratitude

16.12.21

To

The Plated Project,

On behalf of Milaan Foundation, we thank 'The Plated Project' (registered as MOONREEF INNOVATIONS LLP) for their generosity and kindness in sponsoring **16,000 meals** for the children of Milaan's Swarachna school.

To ensure better health and learning outcomes of school children hailing from underserved and impoverished communities, Milaan initiated the mid-day meal programme to increase nutritional intake and help cognitive and physical development of its students. The Swarachna school offers a different menu every day with adequate, healthy, and tasty meals enjoyed by the children!

With your support and commitment to the cause, we strive to eliminate disparities in schooling with a focus on equitable and quality secondary education, serving many first generation learners in the Kaintain village of block Sidhauri in Sitapur, Uttar Pradesh.

Thank you

With gratitude,

Dhirendra Pratap Singh
Chief Executive Officer
Milaan Foundation
