

## 8K HDMI 2.1 Bi-Direction Switch

# USER MANUAL

### 12 Month Warranty

Any questions you have please contact us freely, our professional Customer Service Team will reply back within 24h to offer help until you satisfied.

### 1. Product introduction:

-The HDMI Bidirectional switch allows you to connect two HDMI signal sources to one HDMI display(as switcher), or connect one HDMI signal source to toggle between two HDMI displays(as splitter).

-Support 8K @60Hz,4K@120Hz,1080P@240Hz resolution, provide you with transfer rates up to 48Gbps and backward compatible with all previous HDMI standards.

### 2. Two working mode:

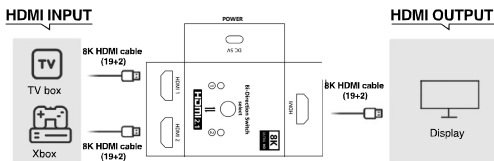

-Mode one: HDMI switch 2 in 1 out

Connect two HDMI cables (HDMI 1 and HDMI 2) to your source devices, such as PS5, XBOX, Laptops, Desktop, PCs, and then connect an HDMI cable(HDMI) to your HDMI display. Press "SELECT" button to switch between two signal sources devices.

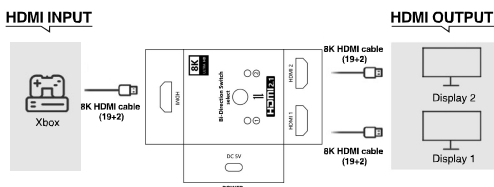

-Mode two: HDMI splitter 1 in 2 out

Connect one HDMI cable(HDMI) to your source device, such as PS5, XBOX, Laptops, Desktop PCs, and then connect two HDMI cables (HDMI 1 and HDMI 2) to your HDMI displays. In this mode, the two displays can not display simultaneously, you must press "SELECT" button to switch between two HDMI displays.

### HDMI SWITCH 2 IN 1 OUT

### HDMI SPLITTER 1 IN 2 OUT

**NOTE:** Two output displays **CAN NOT** work simultaneously.

### 3. Important Notice:

(1)The length of the HDMI cables connected to both ends of the product should not exceed 3 meters.

(2)If you need to output 8K@60Hz, 4K@120Hz and 1080P@240Hz via our product in your displays, please make sure your HDMI source devices, HDMI cable and HDMI display all support the resolution and refresh rate you need to output.

(3)Not support automatic switch, you can only switch via the "SELECT" button.

(4)For some devices, when their HDMI port can not provide sufficient power for this product to work, please connect USB-C cable to your USB devices for power.

(5)Must use the 8K HDMI cable.
