

MAX LOAD : 2.5KG / 5.0LBS

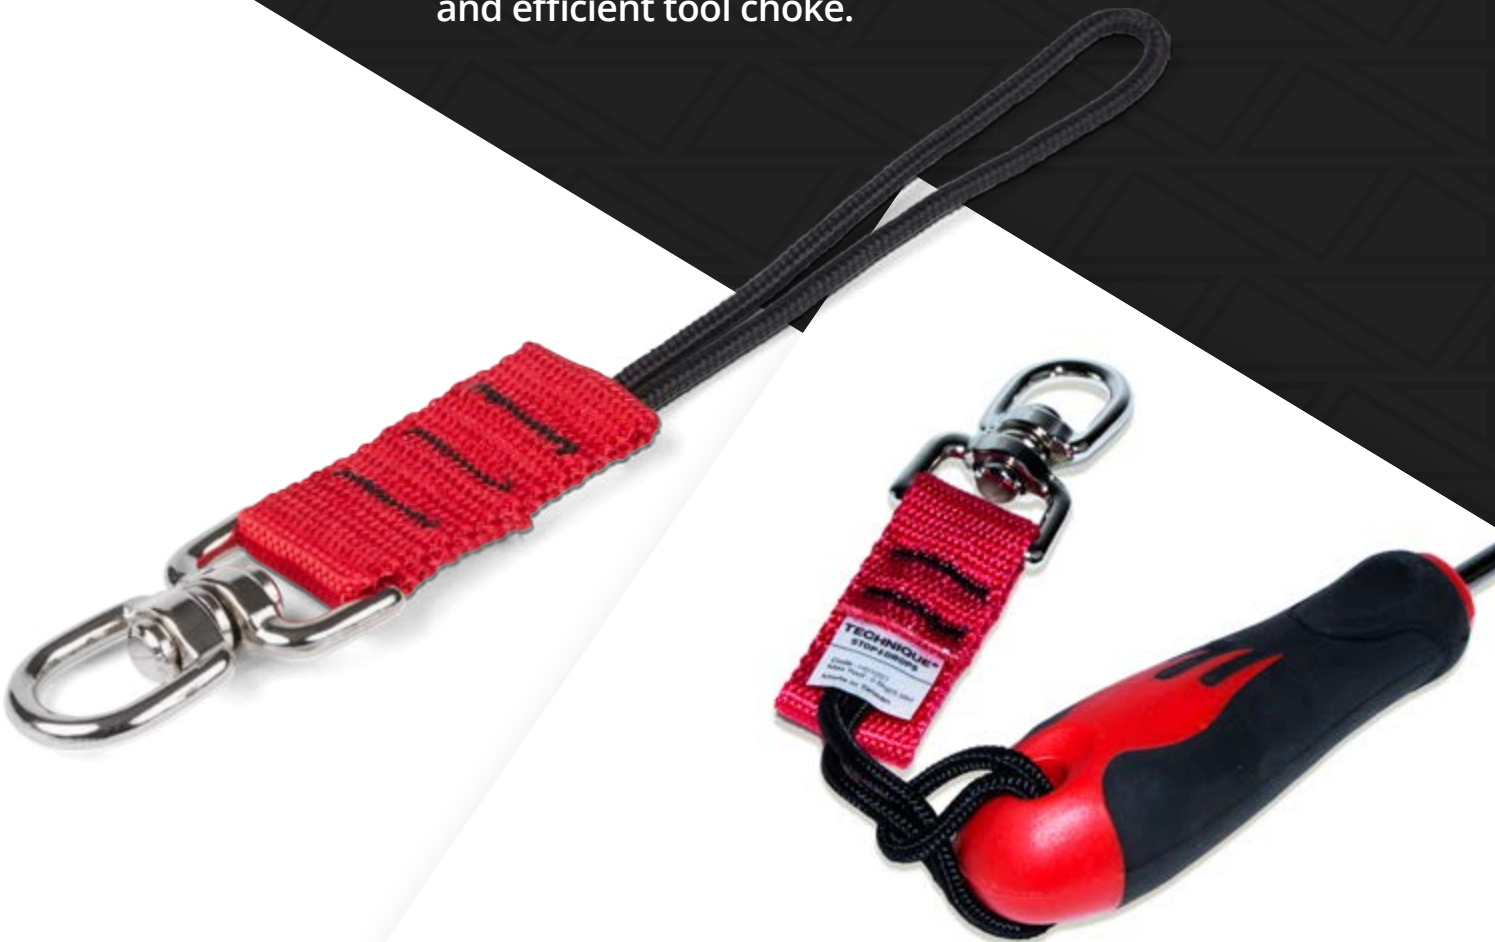

SWIVEL CATCH

TOOL CONNECTOR -  **OPEN**

CODE : H01021

ANSI/ISEA 121-2018 COMPLIANT

The Swivel Catch is your guarantee against tangles and tension when working with tools at height. A fully load rated swivel point allows for a 360-degree operational range of motion, whilst the cord loop provides an easy and efficient tool choke.

Create your secure tool connection point by simply threading the Screwlock Cable through an existing hanghole/ slot in your tool, and screw closed. Add a drop of thread-locking compound before you screw shut to create a permanent, load rated connection point on your tools.

MAX LOAD : 2.5KG / 5.0LBS
