# COUNTERTOP SIGN

Display your messaging in a fun and interactive way with the Countertop Sign.

The Countertop Sign is designed with a focus on quality, functionality, and longevity to be used as a better way to display messages inside your business.

Signs are provided blank and made from powder-coated steel and aluminum with vegetable-tanned leather straps. We recommend branding with our magnet letter packs or using vinyl decals that your local sign-writers will be well equipped to make.

Thank you for your purchase,

George & Willy

# CARE GUIDE

Where you install your product depends on its material/s.

**Wooden and Steel Products:** We recommend using these products inside or under a shelter where they are protected from any exposure to rain or water.

**Aluminum Products:** These products are non-corrosive and suitable for use outside.

**Chalk Products:** You should use traditional dry chalk. We don't recommend using liquid chalk pens on our products.

**Transportable Outdoor Signage:** If there is exposure to wind, we recommend bringing signage inside to protect it from the extremes. We offer Sandbags to help support your product in moderate wind conditions.
