Important Safety Information

- *Please read all instructions carefully before assembling this furniture.*
- *For your safety, assembly by two or more adults is strongly recommended.*
- *Use only vendor-supplied hardware to assemble this item. Using unauthorized hardware could jeopardize the structural integrity of the item.*
- *Hardware may loosen overtime. Periodically check that all connections are tight.*

Before Assembly

- *Remove all parts and hardware from the box. Place all items on a carpeted or scratch-free work surface, as this will avoid damaging parts during assembly.*
- *The shipping box provides an ideal work surface.*
- *To avoid accidentally discarding small parts or hardware, do not dispose of any packaging or contents of the shipping carton until assembly is complete.*
- *Use the parts and hardware lists below to identify and separate each of the pieces included.*
- *The use of power tools for assembly is not recommended. Power tools can damage the hardware.*
- **Note:** *Do not fully tighten all bolts until all parts are in place. Failure to follow these instructions may cause the bolts to misalign during assembly.*

Care and Cleaning

- *Dust often and use a vacuum cleaner crevice tool to clean seams. To maintain the woven appearance, gently clean soiled areas with a soft cloth dampened with a mild, water based detergent. Remove all lather and wipe with a clean damp cloth. Dry with another soft cloth by blotting the damp surface (do not rub).*
