

## **Hedley & Bennett**

### **Sewer Job Description**

This is a fast-paced job for an experienced professional. You will be working on **industrial single-needle, blind-stitch and overlock machines**. The successful candidate will be hired for a trial period, during which time you will be expected to demonstrate whether or not you have the skills, speed and temperament the job requires. If you do, you'll discover that you won't be micromanaged, and you'll be left alone to just sew and perform gown fittings all day.

If you're interested in joining our team, please contact us immediately and provide either a resume or details of your skills, training, and experience, so that we can chat.

### **Primary Duties and Responsibilities:**

- Precisely sew garments that meet measurements and follow standard manufacturing methods.
- Speed is necessary but accuracy is most important.
- Understand how various fabrics will react in sewing.
- Manage day to day responsibilities in a professional, positive, efficient and confidential manner.
- Support other design colleagues as needed; must be flexible and committed to perform or complete job assignments during core working hours and daily responsibilities.
- Thread machines and replace needles when needed

### **Experience:**

- Experience in sewing delicate fabrics
- Knowledge of pattern making and sew from a pattern
- Knowledge of finishes for appropriate fabrics
- Must be able to read and follow garment specs

### **Requirements:**

- At least three + years of experience
- Ability to use different machines / operations, including overlock, cover stitch and zig zag.
- Must be able to prioritize and work under pressure; a team player. Incumbent must be able to keep projects moving while working on multiple projects for multiple people.
- Must have understanding of material reactions.
- Strong organization skills, technical detail orientation and efficient follow-up processes.
- Sense of urgency in completing tasks in a timely manner and meet deadlines.
- Exude self-confidence, professional presence and enthusiasm.
- Complies with highest standards of business ethics.
- Must be able to stand, sit, and walk 8 hours/day.
