Product Focus: Lebert EQualizer™

OUR RELATIONSHIP WITH LEBERT FITNESS PRODUCTS HAS BEEN A WONDERFUL ONE.

They've been with us every step of the way, from the time we had one location, all the way to the seven locations we have today. Throughout the journey, Lebert products have been an integral part of the process.

We first met Marc ten years ago at a fitness trade show, and bought enough EQualizers for our new facility on the spot. Since then, these products have been a staple of our training routine here at Better Body Bootcamp. How could they not be; The EQualizer is the most diverse and intuitive piece of equipment ever invented.

"The EQualizer is the most diverse and intuitive piece of equipment ever invented."

-Kaiser Serajuddin, Owner of Better Body Bootcamp

We don't consider Lebert a supplier - they are more like a partner. Marc and the team have come to our facilities numerous times over the years. These products and the Lebert company's approach is the perfect match for any group training business. They are an integral part of what we do here, now more than ever.
