

We recommend you to fill out our Semihandmade order prep sheet to help organize your order. It will make ordering that much easier once you have a tally of all the doors, drawers and panels you need.

## Doors

Width	Height	QTY	Notes
12"	30"		(ex. Glass Ready)
	40"		
13"	30"		Lazy Susan*
15"	15"		
	20"		
	30"		
	40"		
	50"		
	60"		
18"	15"		
	20"		
	30"		
	40"		
	50"		
	60"		
21"	20"		
	30"		
	30" (Corner Cab)		(includes trim piece)
	40"		
24"	15"		
	15" Hz (Flip-up)		
	20"		
	30"		
	40"		
	50"		
	60"		
30"	15" Hz (Flip-up)		
36"	15" Hz (Flip-up)

15"	5"		
	10"		
	15"		
	20"		
	30" (Pull-Out)		
18"	5"		
	10"		
	15"		
	20"		
	30" (Pull-Out)		
21"	10"		
	15"		
	20"		
	30" (Pull-Out)		
24"	5"		
	10"		
	15"		
	20"		
	30" (Pull-Out)		
30"	5"		
	10"		
	15"		
	20"		
36"	5"		
	10"		
	15"		
	20"		

## Cover-Panels

**Please note:** Semihandmade panels, trim, and toe-kick come oversized and are meant to be trimmed on site, therefore our measurements will be slightly larger than what you may see on your Ikea plans.\*\*

	Ikea's		Semihandmade's
<b>Base Panels</b>	25" x 30"	.....	26" x 30"
	(for a built-in lock)	.....	26" x 36"
<b>Wall Panels</b>	15" x 32 1/2"	.....	17" x 32"
	15" x 42 1/2"	.....	17" x 42"
<b>Tall Panels</b>	15" x 90"	.....	17" x 95"
	25" x 90"	.....	26" x 95"
	36" x 96"	.....	36" x 95"

Width	Height	QTY	Notes
26"	30"		
26"	36"		
40"	36"		
49 1/4"	36"		
17"	32"		
17"	42"		
17"	95"		
26"	95"		
36"	95"		

\*\*All panels, trim, and toe-kick come in slab / flat style only.

## Custom Sized Pieces

Custom Sized Pieces are for those who want custom-sized doors, drawer faces, or appliance panels. Enter the exact dimensions.

Width	Height	QTY	Notes
17 3/4"	59.25"		(ex. Subzero panel)

## Trim

Width	Height	QTY	Notes
24"	5"		
30"	5"		
36"	5"		
4"	30"		
4"	40"		
8"	30"		
5"	95"		

## Fridge Trim

Width	Height	QTY	Notes
30"	5"		
36"	5"		

## Toe-kick\*\*\*

Width	Height	QTY	Notes
93"	5"		

\*\*\*Please note that toe-kick can also be used as light rail / upper trim.

Don't know how much toe-kick to order? Find out how to calculate below.

Add up the total length of toe-kick/upper trim/light rail + 10% extra (for safety) then divide by 93. Example below.

$$153" + 141" = 294"$$

294	+	10%	÷	93	=	4
<small>TOTAL WIDTH (INCHES)</small>		<small>EXTRA (FOR SAFETY)</small>		<small>LENGTH OF OUR TOE-KICK/TRIM (IN INCHES)</small>		<small>TOTAL PIECES REQUIRED (ROUNDED UP)</small>
