NEW...Legacy Vs. Likes

Critical Thinking Guide

Exclusively to Meridian, Legacy Vs. Likes, is a Critical Thinking Guide to help you “make a plan and take one step each day closer to who it is you want to become.”

With collaboration of The Harbor™ by Jostens and the Adventure Log, Mike Smith designed this guide as a preface to his book, Legacy Vs. Likes.

This 11-page insert can be added to the front of any personalized high school or middle school student planner for as little as $0.50 each.
Adventure Log

In conjunction with The Harbor™ by Jostens comes the new edition of the Adventure Log Student Planner. The Adventure Log, designed by Mike Smith, is more than just a student planner — it’s a means for your students to craft the story they want to tell this school year. This planner is chocked full of introspective questions, thoughtful challenges, inspirational quotes, fun holidays, weekly goal-setting, and areas for reflection.

“Living an adventure and living a life filled with meaningful stories takes risks, it takes passion; it takes sacrifices.”
