

TECHNICAL DATA SHEET

ADVANTAGE PRO

Description

With Advantage Pro fabric you get increased strength, uniformity, porosity consistency, filtration, and absorbency. Advantage Pro is a lighter, more durable and efficient fabric used mainly because of their high tensile strength, and tear and abrasion resistance, due to the high barrier properties of the materials core.

Specifications

Material: 3-Layer, Non-Woven

Particle Protection

Moisture Vapor Transmission Rate (ASTM E96-80)

Advantage Pro: 90% efficiency against particles between .5 and 1 micron in size.

Splash & Chemical Protection

Advantage Pro: Use this garment only in light to moderate contact in either splash or chemical areas.

Anti-Static Properties

Surface Resistance (EOS/ESD-S4.1): Max: 4.0E9 Average: 2.9E9 Min: 2.4E9

Benefits & Features

- Breathability
- Superior Quality
- Comfort
- Low Cost
- Anti-Static treated Material
- Hydrostatic Water Resistance up to 20.8 inches
