## **Cool Athletic Shorts**

## <u>Able Made x Burberry Blake Short</u> (\$150)

Arriving just in time to commemorate the beginning of the 2023 Women's World Cup, Able Made — a sustainable and sporty US-made clothing brand — has partnered with Burberry on a limited-edition collection that uses upcycled fabrics from the brand to create luxurious, long-lasting pieces, all of which are designed with style and movement in mind. We love the elevated look of these bermuda-like shorts, which even feature a cool soccer-inspired design on the front. Plus, in an effort to continue supporting the next generation of soccer stars, Able Made also donates a portion of all profits to initiatives that champion healthy lifestyles for youth athletes.
