

Fossil Realm

Rare Fossils Meet Fine Art

Fossil Realm is seeking a partner in the fine art space to offer rare and beautiful fossils. We have been a leading dealer of exclusive fossils for over 35 years and our brand is internationally recognized for its extremely unique pieces, which are selected with scientific expertise, aesthetic sensibility and a deep understanding of the market.

Many of our current clients are serious collectors of fine art and we see this as a great opportunity for both parties. Our collection features pieces valued at \$5000 to over \$1 million. Every piece is authentic and of museum quality.

Spectacular giant softshell turtle from Wyoming, 52 million years old
