? What if it doesn't light up?

- Your LED legs may have broken from all the twisting. Get a new one.
- Your battery or an LED may be backwards. Switch them.
- Your paperclip isn't making good contact on one side.
Remove the LED legs from the holes and push out the paperclip center a bit to make it more springy.

9 ADD SAFETY PIN

WELL DONE:
YOU BUILT A LIGHT-UP NAME TAG!
