# Aliante

Designer: Sergio Bicego

The aerial, fabric-covered frame matches the cushions and backrests in various sizes, creating a visually light, yet restrained ensemble. The lightness of the ensemble is further emphasized by the slender, minimal shape of the metal foot, available in different colours. Thanks to its versatile elements, the collection assumes different, interesting

configurations for a living area with a focus on customization. The system is completed by the Aliante side tables, available in Canaletto walnut or with a ceramic top and made in different shapes and sizes, accessories that play with the space when positioned laterally, in front of the sofa or between two elements of the composition.
