Coast, Beaufort
 Coast, Horry
 Green Briar Cove, Barnwell
Greenwood, Laurens
 Jackson Creek, Fairfield
Jocassee, Oconee
 John Robinson, Greenville
Keowee, Oconee
 Keowee Pond, Oconee
 L, Barnwell
Marion*, Clarendon
 Mill Creek, Fairfield
Monticello, Fairfield
Moultrie*, Berkeley
 Mountain Rest, Oconee
Municipal Reservoir, Spartanburg
Murray, Newberry
 North Saluda Reservoir, Greenville
 Pacolet, Spartanburg
 Par Pond, Barnwell
 Pond 5, Barnwell
 Pond B, Barnwell
 Pond C, Barnwell
 Round Top, Richland
Wateree, Kershaw
William C Bowen, Spartanburg
 Winyah Bay, Georgetown

VIRGINIA

Abel, Stafford
Anna, Louisa
 Anna, Louisa

Beaverdam, Gloucester

Breckenridge, Stafford
 Briery, Prince Edward
 Bush, Prince Edward
 Cool Spring, Spotsylvania
 Curtis Memorial, Stafford
 Dover, Caroline
 Factory Hill, Suffolk
 Fawn, Spotsylvania
Gaston, Warren
 Heritage, Caroline
 Hicks, Prince Edward
 Hidden Valley, Washington
John H Kerr, Mecklenburg
 Landor, Caroline
 Little Creek, James City
 Manassas, Prince William
 Monticello, Fluvanna
 Moomaw, Bath
 Mountain Creek, Prince Edward
 Nash Road, Chesterfield
 Ni River Reservoir, Spotsylvania
 Northeast Creek, Louisa
 Pelham, Culpeper
 Smith, Stafford
Smith Mountain, Bedford
South Fork Rivanna, Albemarle
 Sussex, Caroline
 Swift Creek Reservoir, Chesterfield
 Walden, Stafford

WEST VIRGINIA

Big Sandy, Wayne
Bluestone, Summers
 Boley Reservoir, Fayette
Burnsville, Braxton
 Castleman Run, Brooke
 Dog Run, Harrison
East Lynn, Wayne
Kanawha: London Pool, Kanawha
Kanawha: Marmett Pool, Kanawha
Kanawha: Unnamed Pool, Fayette
Kanawha: Winfield Pool, Mason
 New Creek, Grant

Teter Creek, Barbour

Tomlinson Reservoir, Hancock

Warden, Hardy

Mid-Atlantic | v 1.0

Lake Name, County

Large reservoirs transcribe multiple counties which are cumbersome to list, so we usually identify only one for brevity's sake. We will list the main county the lake falls in or occasionally write "All, counties" to illustrate complete coverage. Unless LakeMaster® has the Lake stated as "Partial HD", the entire lake will be mapped, regardless of the county displayed. We don't do partial maps, but if we did it would be identified as such.

High Definition vs Standard Definition

High Definition is ascribed to a chart by LakeMaster when the underlying data is such high quality and density that the resulting map is very accurate.

Only the most accurate and detailed surveyed data combined with the talents of our experienced GIS analysts earn the "High Definition" label. Our High Definition lake charts have the highest level of accuracy, especially in the shallow "fishing structure" areas. In some cases, the bathymetric data to build the map has been gathered by LakeMaster's own survey team.

Contour Line Density

Spacing of contour lines does not determine if a map is High Definition or not. LakeMaster uses 1-ft contours on most of our High Definition maps, but not all. On some lakes that are deep and have steep break lines we may use 3-ft contour spacing, because the lines become so dense that it isn't functional. It's still High Definition, i.e. "high accuracy."
