## PRESCRIPTION HAIR TREATMENTS

Our team have carefully selected a range of specialist hair treatments that can be combined with your appointment to maximise the health and beauty of your hair.

From the hugely popular Oi treatments from Davines right through to our rather special Split End Saviour each of our treatments begin with a professional diagnosis of your hair and will be tailored to the exact requirements of intensity and care.

### Davines Oi Treatments

£30

Two targeted treatments from the best selling Oi range that give instant results no matter what your hair types.

#### **Oi Serum**

With the ability to create an almost diamond like gloss the luxury Oi Serum promotes both intensity and shine and is particularly effective for coloured hair. Use it as a luxurious treat with a blowdry or add it to your colour service to protect and enhance your new colour.

#### **Oi Moisturising**

Ultra moisturising and suitable for all hair types this Oi treatment gives a controlled boost for anyone suffering from dehydrated and thirsty hair leaving a weightless and glossy finish.

### Davines Natural Tech Treatments

£30

“Wise prescriptions with natural solutions” We have selected a range of 5 prescriptive treatments from the Davines Natural Tech range which have been designed to target specific hair and scalp problems whilst upholding their fundamental principles of sustainable beauty.

#### **Nourishing**

A deeply regenerative 2 step system aimed at repairing the structure of seriously damaged hair fibres and providing long lasting nourishment and protection for dry and brittle hair.

#### **Purifying**

A specialist treatment for scalps with both dry or greasy dandruff. The anti-fungal and anti-bacterial properties help to reduce the levels of exfoliation and keep the scalp clean and healthy.

#### **Replumping**

With an instant cosmetic effect this treatment miraculously acts as a type of hair filler to re-plump and compact the hair structure leaving it full of body along with a super high gloss and shine.

#### **Energising**

This incredible treatment focusses on the prevention of hair loss and for those with fragile hair and scalp. The formula improves the tone of the scalp, lowers sebum production and gently stimulates the metabolism to allow hair to grow stronger and healthier.

#### **Detoxifying**

A truly cleansing treatment that is able to remove both the product and environmental build up on the hair and the outer layers of the scalp. This can also be combined with other treatments to maximise their efficiency or simply used on its own to improve the health of your scalp and hair.
