

WELCOME TO LSV SKI & FAT BIKE!

Thanks to a wonderfully designed golf course and the generosity of Dale & Donalee Brevak, the Washburn community is proud to have this great ski & fat-bike trail system.

The course currently has 2 interconnected, ONE-WAY loops. We offer a groomed classic track, a skate lane and a groomed fat-bike lane all alongside each other. Our future goal is to offer more tracks and additional loops.

THE LOOPS

THE 9-IRON LOOP - 2K

You will "approach" 5 different greens taking you to the southernmost point of the course on hole #8. You will then "dogleg left" using 3 different fairways back toward the silo and start area.

THE DRIVER LOOP - 3k

Bring your caddy! This longer loop follows the 9-Iron Loop but then "slices" right giving you an extra little tour before heading back for the silo. Finish up with the clubhouse in site!

SIMPLE COURSE RULES
