The 2020 Winter-Reed *Partnership Honoree:* The Phil Hardin Foundation

Phil Hardin was an innovative and visionary businessman whose success never caused him to lose sight of his own humble beginnings. Mr. Hardin valued education as the most important ingredient for success in his life and knew that better educational opportunities for all would not only benefit individuals but would also make Mississippi's communities stronger and more prosperous. Acting on this belief, he decided in 1964 to use the wealth he had created as the owner of the Meridian-based Hardin's Bakeries to "improve the education of Mississippians," and the Phil Hardin Foundation was born. More than half a century later, Mr. Hardin's vision of an excellent education as the norm for all Mississippians continues to find expression in the work of the foundation he established.

The Phil Hardin Foundation works to be a catalyst for educational opportunity and community improvement in Mississippi. Its mission is to improve educational and life outcomes for Mississippi children, with a special emphasis on Meridian and Lauderdale County, and to expand access to high-quality educational opportunities.

Over 56 years of existence, the foundation has awarded more than \$60 million in grants to improve student achievement; make educational and enrichment opportunities more available and equitable; increase understanding of Mississippi arts, culture and history; and build community and state educational and philanthropic capacity.

The Hardin Foundation remains a principal leader in philanthropic efforts to overcome our state's historic legacy of poverty and discrimination that makes sustainable educational improvement such a daunting challenge. The Hardin Foundation has a history of being a catalyst in building philanthropic and nonprofit capacity and networks in Mississippi and in helping to lead collaborative efforts. It has also sought to help bridge divisions and forge consensus on education policy and best practices in local communities and statewide.

About the Award:

For more than 40 years, Gov. William Winter and the late Jack Reed, Sr., were driving forces on behalf of public education in Mississippi. Through the years, they united in a bipartisan front to promote the need for quality education and consistent, adequate funding of our public education system. In their honor, the Mississippi Association of Partners in Education in 2007 established a perpetual award in their names to be presented annually to promote the ideals and partnership exemplified by their lifelong commitment to education. Since 1984 the Mississippi Association of Partners in Education, a 501 (c)(3), has served as a statewide network of educators and community partners.
