## Daily Dew SPF 35

### Sea Kelp Moisturizer + Broad Spectrum Sunscreen

Introducing Kinfield's first offering in our most-requested category: sunscreen!

Daily Dew SPF 35 is a revolutionary water-resistant facial sunscreen that feels like a hybrid between a sport SPF and a daily moisturizer.

This light lotion is enriched with moisturizing sea kelp and non-nano zinc for hydrated, broad spectrum protection that melts into skin and leaves a dewy soft finish. Made for every day, ready for any adventure.

#### BENEFITS

- + Water-Resistant—Proven to be water-resistant for 40+ minutes, Daily Dew is made to last through any activity.
- + Hydrating—Sea kelp and glycerin moisturize and prime the skin, while leaving a dewy finish that is never greasy or chalky.
- + Sport-Ready—Untinted and water-resistant, so you can sweat through all your sporty spice moments with confidence. No streaking or dripping color here!
- + 100% Mineral—Non-nano zinc oxide and reef-safe ingredients make this a go-to choice for anyone looking for a physical SPF that's earth- and skin-friendly.
- + No White Cast—Our diverse crew of Field Testers tried Daily Dew in a variety of settings and activities, and gave it a universal thumbs up.
- + Naturally Scented—Fresh, citrusy scent inspired by founder Nichole's road-trip through the beach towns of Portugal, with notes of bergamot, petitgrain, grapefruit and lime.

#### WHAT PEOPLE ARE SAYING

"Skin looks glowy without being greasy or oily"

"This product is GREAT. I've tried other clean brands (Drunk Elephant, Coola, Supergoop) and the feel, texture, and staying power of this SPF is SO much better, not greasy, no breakouts, no residue, and not dripping in my eyes."

**MSRP \$26\***  
**Size 2 oz**

\*effective 7/15/22

This SPF is just as kind to the Earth as it is to your skin, with plant-based, reef-safe ingredients and sustainable, recyclable packaging (PCR plastic tube + SFI-certified paper carton).

Like all Kinfield products, Daily Dew is Made Safe for People + Planet™ and is proudly vegan, cruelty-free, Leaping Bunny certified, and formulated without parabens, sulfates, phthalates, or synthetic fragrances. Daily Dew is also free of phenoxyethanol, a commonly used preservative that has been shown to inhibit reef re-growth.

"NO WHITE CAST!!!!"

"It goes on easily even over makeup or over tinted moisturizer."

"Buttery!"
