PROTECTION

A tactically rugged case with military technology integrated through proprietary design delivers the reliable protection you demand from a phone case. Engineered to provide safe cover, an innovative combination of impact deflection points and facets leverage the laws of physics to deflect and diffuse impact energy away from your device, ensuring your gear is always ready for duty.

MIL-SPEC DROP PROTECTION

Designed to exceed military spec MIL-STD-810H

SHOCK DEFLECTION ARMOR TECHNOLOGY

Double reinforced construction with impact-dissipation geometry deflects and absorbs G-Forces for superior drop protection

SCREEN BARRICADE

Raised corner bezel shock absorbers suspend the phone screen away from direct contact with surfaces

CLEARSHELL PLATING

Self-repairing material technology significantly reduces case scratching

SUREGRIP

All sides ergonomically designed for a more comfortable and secure grasp

WIRELESS CHARGING COMPATIBLE

Innovative geometric design optimizes phone protection while maintaining compatibility with wireless or cable charging

AGGRESSIVELY RUGGED & LIGHTWEIGHT

Military-inspired facet technology increases drop protection without bulk or heft
