

PICKLEBALL SAVINGS PICKLEBALL GUIDE

				Price Per Ball				
	Description	Indoor/Outdoor	Color(s)	3	12	50	100	200
 Penn 26 Indoor	This is an indoor ball ideal for wood gym floors because of its true flight and bounce, excellent durability, playability, and no-skid surface. Features 26 large precision-drilled holes. Excellent for all types and levels of play, from beginner recreation to tournament. It comes in red only (looks orangish-red) which is highly visible in most indoor settings. USAPA approved.	Indoor	Red	\$2.99	\$2.50	\$2.40	\$2.30	\$2.19
 Onix Fuse Indoor	This indoor ball provides a larger hole pattern and less bounce on indoor courts such as concrete surfaces or gymnasium floors. The Onix Fuse Indoor Pickleball comes in orange and highly visible yellow so it can always be seen regardless of court type. USAPA approved for indoor tournament play.	Indoor	Orange Yellow	\$3.33	\$2.66	\$2.52	\$2.28	\$2.20
 Gamma Photon Indoor	Made of a heavy two-part construction that gives it true flight and a lively bounce. Features 26 large precision-drilled holes. Excellent playability for all types and levels of play. Comes in an optic green color that makes it highly visible in most indoor settings. USAPA approved.	Indoor	Optic Green	\$2.65	\$1.91	\$1.86	\$1.81	\$1.73
 Franklin X-26 Indoor	Franklin X-26 Indoor Pickleballs are made using only the best EVA material and feature 26 precisely beveled holes to help deliver a superb flight pattern and superior balance. Made to withstand hours on the court, the X-26 offers consistent bounce, durability, and playability ensuring a great day of play. USAPA approved for indoor tournament pickleball play. The retail package is a brightly-colored 3-pack plastic container, also sold in bulk quantities.	Indoor	Blue Optic	\$2.98	\$2.50	\$2.26	\$2.11	\$2.00

 <p>Jugs Indoor</p>	<p>Best value for practice and recreational play. This ball remains the choice of bulk buyers like municipalities, schools, and parks. It is a nice-playing, durable ball when price is most important. Features 26 large precision-drilled holes. It comes in lime green and basic white. It is not USAPA approved for sanctioned tournament play.</p>	<p>Indoor</p>	<p>White Lime Green</p>	<p>\$1.49</p>	<p>\$1.33</p>	<p>\$1.22</p>	<p>\$1.14</p>	<p>\$1.05</p>
 <p>Engage Outdoor</p>	<p>Known for a soft feel and consistent bounce with very good durability. Some players use this ball for both outdoor and indoor play as it has an “indoor feel” in that it plays quieter and produces less vibration when striking the paddle. Feedback from players in colder climates say it lasts longer without cracking. The Engage Tour represents an excellent value. Features 40 smaller, precision-drilled holes. Comes in yellow only. USAPA approved.</p>	<p>Indoor/Outdoor</p>	<p>Yellow</p>	<p>\$2.98</p>	<p>\$2.25</p>	<p>\$2.20</p>	<p>\$2.15</p>	<p>\$2.08</p>
 <p>Onix Fuse G2 Outdoor</p>	<p>This ball has exceptional seam welding offering greater durability and resists splitting. This outdoor ball provides a larger hole pattern and less bounce off of indoor court surfaces, such as concrete or gymnasium floors. Colors: Yellow and Optic Green. Meets USAPA requirements for outdoor tournament pickleball play.</p>	<p>Outdoor</p>	<p>Yellow Optic Green</p>	<p>\$3.32</p>	<p>\$2.66</p>	<p>\$2.52</p>	<p>\$2.28</p>	<p>\$2.20</p>
 <p>Dura Fast 40 Outdoor</p>	<p>Dura is the original tournament-grade pickleball and is still regularly used at the top tournaments including the USAPA Nationals. Viewed by top-level players and professionals as the best ball for practice. Dura is more expensive than other balls and more prone to breakage and becoming “out-of-round,” but top players still believe the pros outweigh the cons. Features 40 smaller, precision-drilled holes. Comes in yellow and neon green. USAPA-approved.</p>	<p>Outdoor</p>	<p>Yellow Neon Green</p>	<p>\$3.74 (4 pack)</p>	<p>\$2.57</p>	<p>\$2.54</p>	<p>\$2.47</p>	<p>\$2.42</p>

 <p>Penn 40 Outdoor</p>	<p>Popular outdoor ball with an excellent blend of softness, durability, true flight and consistent bounce. It plays similarly to the Onix Fuse G2 Outdoor Pickleball. A great all-around outdoor ball that players find to be enjoyable and forgiving. Features 40 smaller, precision-drilled holes. Excellent for all types and levels of play, from beginner/recreation to tournament. Comes in yellow only. USAPA approved.</p>	<p>Outdoor</p>	<p>Yellow</p>	<p>\$2.98</p>	<p>\$2.50</p>	<p>\$2.40</p>	<p>\$2.23</p>	<p>\$2.15</p>
 <p>Gamma Photon Outdoor</p>	<p>Excellent value in a very durable ball for outdoor play. Made of a heavier two-part construction that gives it good durability plus true flight and a consistent bounce. Features 26 large precision-drilled holes. Excellent playability for all types and levels of play. It comes in yellow only. USAPA approved.</p>	<p>Outdoor</p>	<p>Yellow</p>	<p>\$2.65</p>	<p>\$1.91</p>	<p>\$1.86</p>	<p>\$1.81</p>	<p>\$1.73</p>
 <p>Franklin X-40 Outdoor</p>	<p>Franklin X-40 Pickleball is considered to be one of the top outdoor pickleballs on the market. The Franklin X-40 provides accuracy with 40 machine drilled holes to assure that each ball will play consistently one after another. Built with only the best material and advanced seamless single-piece design, this ball will withstand hours of the most aggressive play. USAPA Approved. The retail package is a brightly-colored 3-pack plastic container, also sold in bulk quantities.</p>	<p>Indoor</p>	<p>Pink Optic</p>	<p>\$2.98</p>	<p>\$2.50</p>	<p>\$2.26</p>	<p>\$2.11</p>	<p>\$2.00</p>
