

Infinity PUR 3000 Corded Cartridge Gun

- **Powerful 500 Watt Heater**
- **High and Low Temperature Settings**
- **Continuous Use - No Need to Recharge on Base**
- **Digital Temperature Readout**
- **Lighted On/Off Switch**
- **Works with All Infinity Bond PUR and Hot Melt Cartridges**

Infinity Bond Polyurethane Cartridges

Our top selling 50 gram PUR cartridges are an excellent adhesive for product assembly and manufacturing applications. It offers bonds strong enough to often replace screws, fasteners, nails, staples and other non-adhesive fastening mechanisms.

PUR WW30	PUR WW30 is an industry leading wood bonding PUR hot melt adhesive with a 30 second open time.
PUR WW60	PUR WW60 is an industry leading wood bonding PUR hot melt adhesive with a 60 second open time.
PUR MP75	PUR WW MP75 is an industry leading wood bonding PUR hot melt adhesive with a 75+ second open time.

Infinity Bond Hot Melt Cartridges

Our top selling 50 gram hot melt cartridges are the easiest and most cost effective way to dispense fugitive and PSA adhesives. Great for bonding large surface areas, providing tremendous bond strength and ideal for sensitive substrates.

Gummy Glue	Infinity Bond Gummy Glue is a fugitive (removable) hot melt adhesive that is affordable and easy to dispense.
Permanent Pressure Sensitive	Infinity Bond Permanent Pressure Sensitive Adhesive (PSA) is a hot melt glue that remains tacky to the touch and never sets.
