

ADHESIVE/ SEALANT

DESCRIPTION

INFINITY SPRAY CLEANER is designed to keep your adhesive spraying systems clean and trouble free from the buildup of adhesive. Excellent for removing improperly installed insulation and bubble wrap.

FEATURES AND BENEFITS

- Non-Flammable
- Cleans Adhesive Spraying System
- Adhesive Remover

SPECIFICATIONS

Appearance: Clear, Colorless Spray | **Odor:** Chlorinated Solvent Odor | **Boiling Point:** 165°F, 74°C | **Flammability:** Not considered a flammable gas by OSHA | **Vapor Pressure (mm Hg):** 59 @ 77°F (25°C) | **Vapor Density (AIR=1):** > 1 @ 77°F (25°C) | **Evaporation Rate:** > 3 (Fast) | **Specific Gravity (H2O=1):** 1.5 @ 77°F (25°C) | **Solubility in Water:** 0% | **Volatility Including Water (%):** 100 | **Volatile Organic Compounds (VOC):** 19%

LABEL INFORMATION

INFINITY SPRAY CLEANER is designed to keep adhesive spraying systems clean and safe from buildup. The unique blend of solvents will remove adhesive from most surfaces including metal, rubber, glass, fabrics and some plastics. Infinity Spray Cleaner is also helpful for removing insulation and bubble wrap.

DIRECTIONS: Maintenance, Spray

Gun and Hose: It is recommended to flush the hose and gun between each new cylinder of adhesive with Infinity Spray Cleaner. This will insure a fresh start with your new adhesive cylinder and increase the life of your hose and spray gun. Shut off cylinder valve on used adhesive cylinder and bleed the pressure from the hose by spraying the gun into a disposable container. Remove hose from adhesive cylinder and attach to cylinder. Open valve. Spray gun into a disposable container until clean, 20 to 30 seconds.

Shut off cylinder valve and bleed pressure from hose by spraying the gun. Remove hose from cylinder and put it on a new adhesive cylinder. Open adhesive valve and you are ready to spray.

Clogged Hose and Spray Gun: Shut off cylinder valve on used adhesive cylinder and bleed the pressure from the hose by

spraying the gun into a disposable container. Remove hose from adhesive cylinder and put it back on adhesive cylinder. Open adhesive valve and you are ready to spray. **Clean Up Excess Adhesive:** With hose and spray gun attached, spray directly onto adhesive to be removed and wipe with cloth. For more control, spray directly on to cloth and then wipe adhesive away. Always wear rubber gloves and safety goggles. Obtain special instructions and read all safety precautions before use.

DANGERS: Read and understand the product's label and Safety Data Sheet.

Contains gas under pressure; May explode if heated. Causes skin and serious eye irritation. May cause drowsiness or dizziness. May cause cancer. Suspected of causing genetic defects.

CONTAINS

CONTENTS VARY. PLEASE REFER TO SDS FOR PRODUCT'S CONTENTS.

First Aid Measures

Inhalation: Move to fresh air. **Seek medical attention if you feel unwell.**

Skin contact: Wash with plenty of water. **Seek medical attention if irritation persists.**

Eye Contact: Rinse cautiously with water for several minutes. Remove contact lenses, if present and easy to do. Continue rinsing. **Seek medical attention if irritation persists.**

Ingestion: Rinse mouth with water. Do NOT induce vomiting. **Seek immediate medical attention.**

Precautions

Keep out of reach of children. Protect from sunlight. Store in a well-ventilated place. Wash hands thoroughly after handling. Wear protective gloves, eye protection, and protective clothing. Avoid breathing fumes, mist, vapors, and spray. Use only outdoors or in a well-ventilated area.

Storage

Keep out of reach of children. Protect from sunlight. Store in a well-ventilated place. Store locked up.

In Case of Fire

Use dry chemical, foam, or Carbon Dioxide (CO2) to extinguish fire. Wear NIOSH approved Self Contained Breathing Apparatus with a full face piece operated in a positive pressure demand mode with full body protective clothing when fighting fires. Use water spray only to cool exposed containers.

Disposal

Dispose of in accordance with federal, state, and local regulations. Do not puncture container, wrap container and place in trash collection. This material is toxic to aquatic life.

 **WARNING:** This product can expose you to Tetrachloroethylene and Trichloroethylene, which are known to the State of California to cause cancer and birth defects or other reproductive harm. For more information, go to www.P65Warnings.ca.gov.
