INDUSTRY 

MIXPAC™ GREENLINE 50 ML B-SYSTEM SET

REDUCE YOUR IMPACT WITHOUT COMPROMISING PERFORMANCE

At medmix, we think about mixing and dispensing solutions that fully meet the highest requirements of both your customers and your environmentally conscious company. As a result, we developed the **MIXPAC greenLine 50mL B-System Set**: The 100% post-consumer recycled (PCR) polypropylene cartridge is a process-safe, precise system designed to support you in meeting your sustainable business goals.

OUR CONTRIBUTION TO YOUR SUSTAINABILITY

by 36%
less CO₂

Post-consumer recycled (PCR) polypropylene cartridge reduces carbon footprint in comparison to standard cartridge

RECYCLED PACKAGING

1'250 pcs in recycled bags and a recycled cardboard box

LESS WASTE

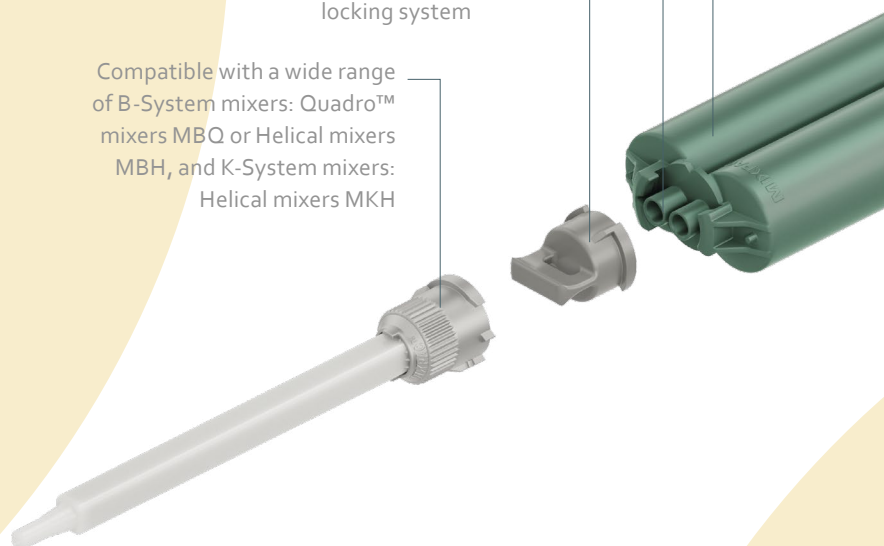

Optimal mixer for every application ensures high mixing quality with less material waste

100% recycled PCR PP side-by-side cartridge, 50 mL, with AirFT pistons
(Original color. Due to recycling procedures and material behaviour potential color deviations are possible.)

Proprietary interface with separate outlets

Closure cap with proprietary locking system

Compatible with a wide range of B-System mixers: Quadro™ mixers MBQ or Helical mixers MBH, and K-System mixers: Helical mixers MKH

GOOD FOR THE ENVIRONMENT: YOUR CARTRIDGE BECOMES GREEN

RECYCLED CARTRIDGE SUSTAINABLY IMPROVES YOUR VALUE CHAIN

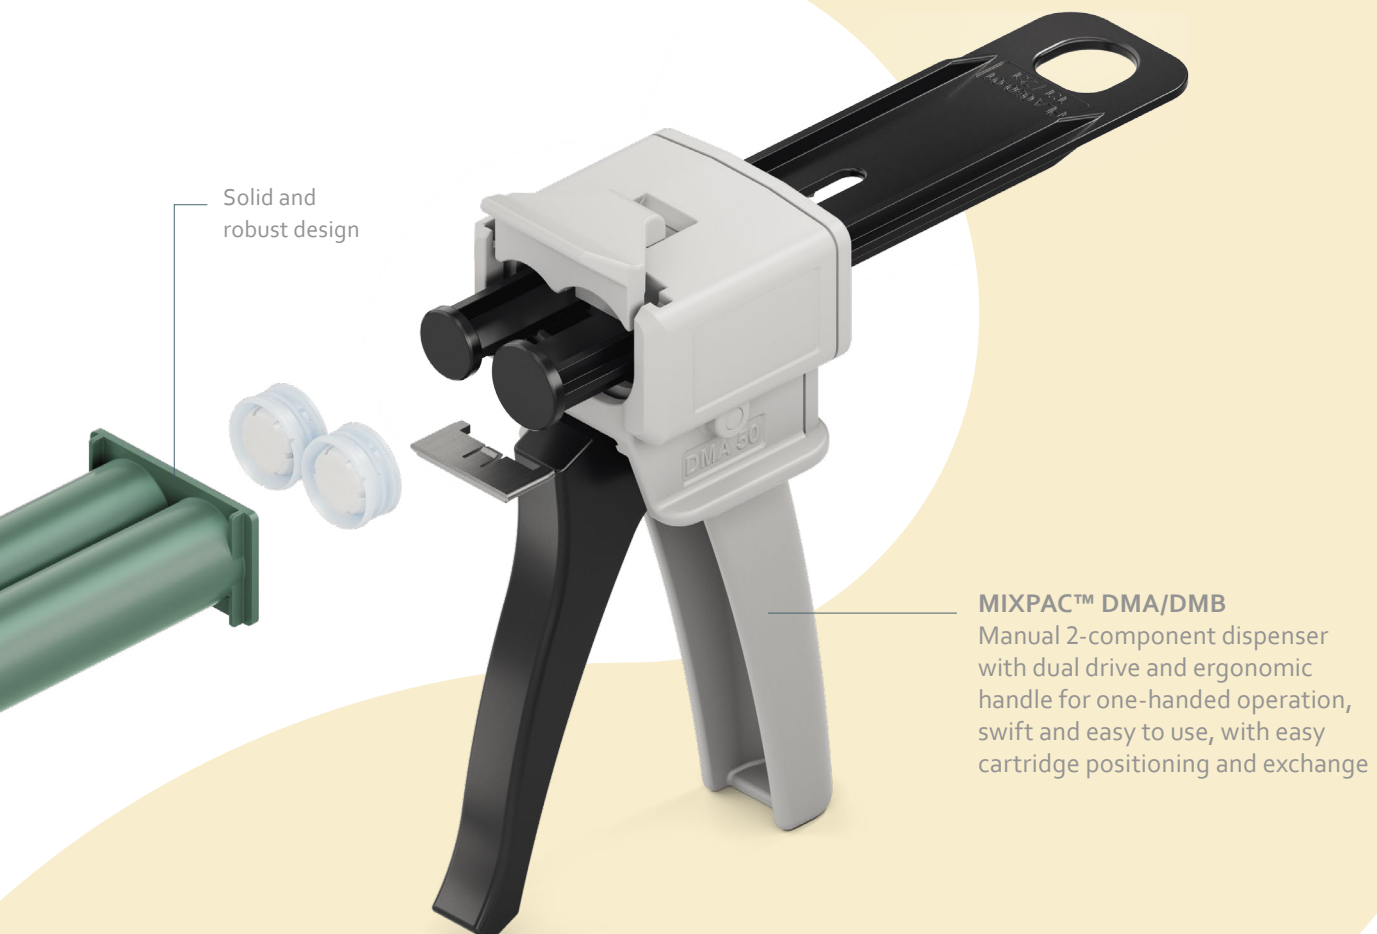

The 100% post-consumer recycled (PCR) polypropylene cartridge adds value to your business with its sustainable key advantages:

- ✓ No cross-contamination due to proprietary interface and locking system
- ✓ Environmentally friendly thanks to maximum yield and minimum dead volume
- ✓ High leakproofness and long-term stability
- ✓ Mixing performance quality of a standard cartridge
- ✓ Safe, quick and easy assembly of the mixer
- ✓ Minimal waste volume

B-SYSTEM QUALITY PERFECTLY COMBINED WITH SUSTAINABILITY

With the greenLine 50 mL B-System, you can rely on the many benefits of a well proven high-end mixing and dispensing solution:

- ✓ Modular concept with a complete solution from a single source
- ✓ For a controlled, reproducible adhesive process
- ✓ Increased process safety and control
- ✓ Enables a precise metering, easy-to-use, and fatigue-free operation
- ✓ High standards regarding storage stability and transport safety
- ✓ Coded interface and separate outlets

Ideal for a wide range of industrial adhesive and sealant applications with epoxies and Polyurethane systems.

DELIVERING INNOVATION. INSPIRING CONFIDENCE.
