

## ***Care Instructions for Lacquered Finishes***

On this page are a number of tips for the caring of your new copper hardware.

Lacquered items generally require little maintenance, however a simple clean and dusting every now and then can help to bring back your coppers shine.

### ***We advise :***

- ✓ Clean with a damp soft cloth, using a small amount of soapy water.
- ✓ Gently dry completely with a soft, non-abrasive cloth.

### ***We suggest avoiding :***

- ✗ The use of household cleaners or disinfectants, as these can cause surfaces to be damaged.
- ✗ Try to avoid the use of rough, abrasive cleaning equipment.
