

## For Exercise, Training and Therapy

### Handcrafted Mechanical Horses

**Build a Stronger Core,  
Balance, & Flexibility!**

*Perfect for the Beginner,  
Instructor, Professional Athlete  
or Individual with Disabilities*

**the Elite**

**the Classic**

Established in 1988, the Equicizer offers a unique, fun and effective alternative to standard exercise equipment. From beginners to professionals, the Equicizer is being used in all riding disciplines and is a training tool used by instructors.

The Equicizer also serves as a great addition to many therapy programs, centers and private homes offering a safe and effective core exercise for everyone!

# The Equicizer

## Equicizer Elite

Built with the body motion suspension system. Complete with a beautifully hand-carved, painted and finished head with wood grain finish and matching wooden decorative side rails. Custom design the face to match the markings of your favorite horse. The Elite is available in a variety of colors. Includes bridle, your choice of rein style, locking caster wheels, personalized brass nameplate and extended 10 year warranty on springs and neck bands. \$4,395.00

## Equicizer Classic

Built with the body motion suspension system. Complete with a partially hand-carved, painted and finished head with wood grain finish (smooth, not carved with fine details). The Classic is available in stock colors black or brown. Includes bridle, your choice of rein style, locking caster wheels and a 3 year warranty on springs and neck bands. \$3,495.00

The Equicizer Elite and the Equicizer Classic are both 76" x 22" x 40" and weigh 165lbs.
