

Business Cards Guideline, Size: 90 x 55 mm

An important note for Spot UV file:

- * Alignment is the most critical part of the process. Make sure that all elements share exactly the same size, and in the same position.
- * Stay away from delicate graphics or thin/small fonts.
- * Consider 5 mm distance from each 4 sides for the Spot UV areas.
- * In the case of large areas of Spot UV along the edges, the result may be unsatisfactory.
