

CABINETS TO GO

KITCHEN MEASUREMENT GUIDE

Creating your dream kitchen starts with taking accurate measurements for your new cabinets. Follow this step-by-step guide and bring your measurements into your local showroom. Our expert designers will take it from there.

Step 1: What shape is your kitchen?

Step 2: Take some measurements.

Wall 1	Length: _____	Floor to Ceiling Height: _____
Wall 2	Length: _____	
Wall 3	Length: _____	
Wall 4	Length: _____	

Now, break out the measuring tape. Stick to this guide and getting your measurements should be easy.

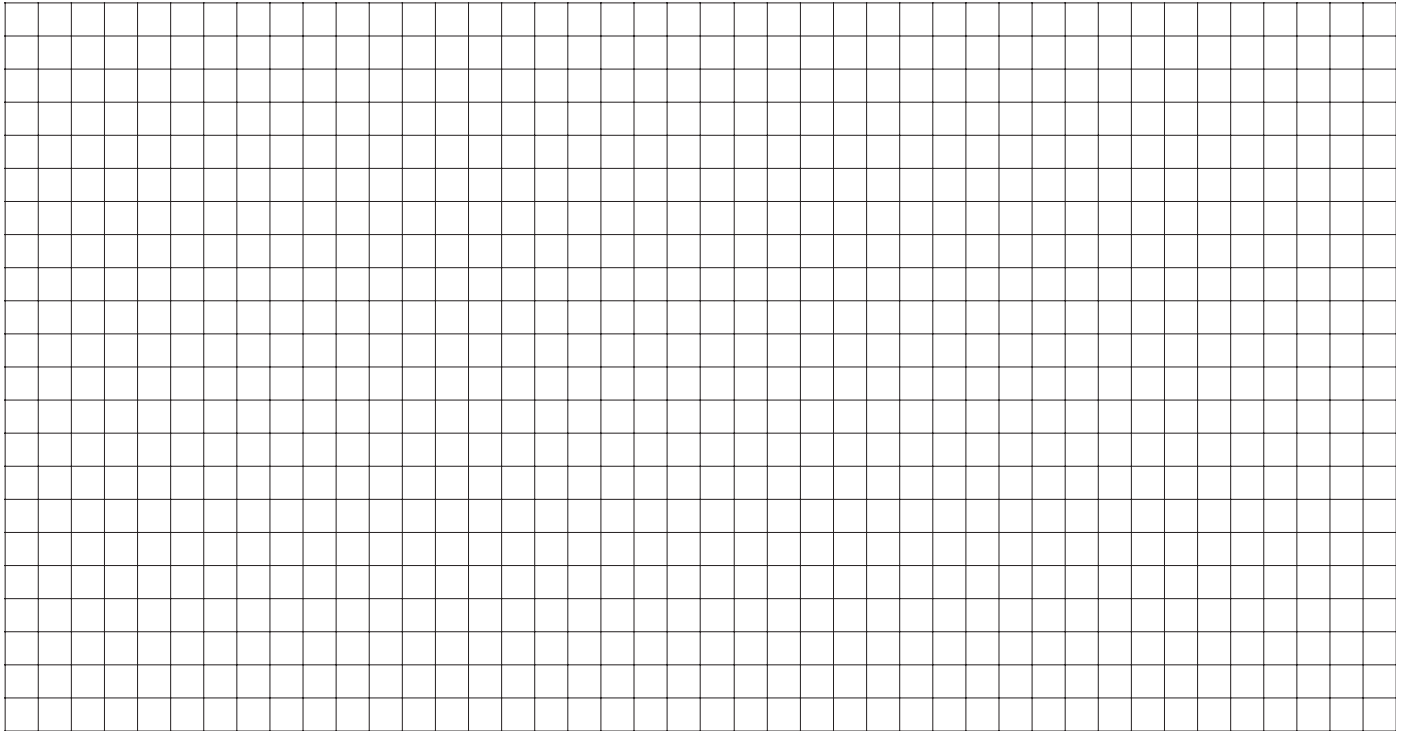

Window 1	Width: _____	Height: _____
Window 2	Width: _____	Height: _____
Window 3	Width: _____	Height: _____
Window 4	Width: _____	Height: _____

Appliances				Other:
	Width: _____		Width: _____	Width: _____
	Height: _____		Height: _____	Height: _____
			Width: _____	
			Height: _____	

Step 3: Sketch your kitchen.

Draw a simple overhead view of your kitchen. Don't worry about exact dimensions just yet.

Step 4: Pick your favorites.

Cabinets	_____
Flooring	_____
Countertops	_____
Finishing Touches	_____

Step 5: Get your FREE 3D kitchen design.

Bring these pages into your local Cabinets To Go showroom to see your new kitchen brought to life.
