Page 4 - Flat Printing on Signature Stock

Collection Designs:

Changes to text, fonts, colors, and mixing and matching between existing designs are NOT considered custom design work and do not cost anything additional. Pricing includes four rounds of proofs for save the dates and five rounds of proofs for invitations (additional rounds are \$25/each).

Completely custom design work (not shown on our website) is priced based on estimated amount of time to complete (\$45/hour) on top of prices listed in this guide. Please contact us to place a custom design order.

Pricing tip:

Do not forget that your quantity should be based on number of households NOT number of total guests. This can make a big difference in price!

We recommend ordering a minimum of 10 extra of any design to account for keepsakes, lost mail, and additional guests. The price per piece to reorder a small quantity would be significantly higher than the price per piece of your original order.

Letterpress Printing

Letterpress printing on 100% Cotton Cardstock (tree free) which has a soft and luxurious textured finish, available in single-ply (110#) or doubly-ply (220#).

Letterpress invitation may be combined with flat printed inserts but color restrictions may apply. The following prices for existing designs found on our website. Changes to colors and fonts are included in the price. You do not have to order in increments of 25.
