Custom Blend Facial Protocol

1
hour service

 = white scoop (1/3 tsp)

 = blue scoop (1 tsp)

 = Bioelements Signature Techniques:
See bioelements.com/pros

 = Perform with steam

 = DO NOT perform
with steam

 = Custom Blend

Preparation

1. Pre-heat steamer.
2. SkinReading Consultation – Perform prior to removing the client’s makeup to get the first impression of skin.
-  3. If performing a facial, slide **Hot Neck Roll** under the client’s neck and head.
-  4. **Aromatherapy Breathing** – Apply a few drops of an Aromatherapist Oil (**Bergamot or Modern Yin Blend**) in your hands and cup them a few inches over client’s nose. Have client take 3 deep breaths.

Pre-Cleanse

1. If client is wearing makeup, use cotton eye pads moistened with warm water and **Sensitive Skin Cleansing Oil** over the eyes and lips to remove.
2. Apply **Sensitive Skin Cleansing Oil** {1 } to entire face and neck with a Bioelements Treatment Brush. Add water and pre-cleanse.
3. Remove with gauze and water.

SkinReading[®]

1. In a treatment bowl, combine {6 } of cool distilled water or tap water with 3 drops of **Inflammation Inhibitor** and 3 drops of **Deeper Hydration** and mix with spatula. Add 8 cotton rounds to the solution until saturated.
2. Remove two cotton rounds and squeeze excess solution and place the eye pads over the eyes.

NOTE: You will use 2 pre-saturated cotton rounds at a time for the rest of the facial, as directed. Set aside the remaining pre-saturated cotton rounds to be used as directed in the following steps.

3. Perform a Bioelements SkinReading.

Cleanse

-  **ST** 1. Apply a cleanser {1 (W)} to the face and neck with a Bioelements Treatment Brush, then perform a second cleansing under steam using the **Bioelements Cleansing Massage**. Do not remove cleanser.
