

Bioelements Faster Facials + Enhancement Plan

Package Cost: \$ 813.50

\$243 total value in FREE support

(\$86.50 in FREE Pro-Use-Only formulas + \$156.50 in FREE Retail + Merchandising Support)

Carve out a little space on your spa menu for express treatments for your clients short on time. Through personalization via our Custom Blending system, you can target unique skin concerns, lift and sculpt the look of aging skin, brighten dark circles and offer a two-in-one service that features a clinical facial treatment + wax option. All of these services include experience factors that your clients cannot recreate at home. Our core Signature Techniques, including Aromatherapy Massage, Eye Area Acupressure, and massage sensorial movements not only make each service effective but absolutely memorable.

This plan comes with our 3-Step Mini Starter Sets to introduce your clients to the daily essentials. But we've also tossed in samples of four of our most popular retail heroes for you to try before you buy: vc10 Daily Glow, Hydroplunge, Time Sensitive and NEW vc10 Nightly Bright.
